

ITALIANS PARADE MIGHT — Motorcycle squad escorts presidential autos past massed heavy armored cars during Rome's police parade Sunday. As the Italians showed off their might, President Tito of Yugoslavia issued statements indicating he might be backing down

from previous threats on Trieste. He told a British correspondent that the plan to give Zone "A" of Trieste to Italy should be "modified, at least so we can talk about it." (NEA Telephoto)

# Squabbles In Trieste And Palestine Tackled By U.N.

## Spy Ring Head Says Beria Has Escaped Russia

BALTIMORE (AP)—The head of an international spy ring with headquarters here said Monday that Lavrenti Beria, former head of Russia's secret police, is ready to release "critically important papers" to the West should anything happen to him.

Col. Julius L. Amoss, retired Army officer who heads the spy ring, reiterated to subscribers to his International Services of Information that Beria has escaped Russia.

**Stooge Made Ready**  
Amoss said that when bolshevik "panic" caused Stalin to be "killed," Beria's position became "untenable" and he vanished.

First, however, Amoss said, Beria "armed five specially trusted subordinates with critically important papers—including atomic energy plans . . . sent them out of Russia with instructions to hand the plans to western authorities should anything happen to him."

Soviet officials have since denounced Beria, Amoss said, and are readying a stooge to stand trial as the former police head.

Beria is dissatisfied with this action, Amoss said, and has threatened to release the first of his five folders of secret papers if it continues. Amoss said the threat was relayed to an ISI agent by one of Beria's henchmen.

**Sabotage Taught**  
Amoss also charged that "American-born subversives are being trained" at Karinhall, the former East German estate of Hermann Goering, and are being spewed out "all over Africa, Europe, South America and the United States."

He strikes in France, Great Britain and the United States, as well as sabotage in Britain and he deduced the United States aircraft carrier Leyte "have been directed from Karinhall."

## Mexican Fiesta Plane Rams Mountain; Score Dead In Burned Ruins

MONTERREY, Mexico (AP)—Rescue parties struggled into rugged Devil's Back Canyon today to reach the burned wreckage of a government-owned plane that crashed Monday, enroute to the U.S.-Mexican fiesta officially opening the Rio Grande's Falcon Dam.

Estimates of the number aboard ranged from the officially reported 14 believed to have been assigned seats on the two-engine DC3 to 20 or more. Two of those on the official passenger list of 14 turned up elsewhere later, but officials feared others may have gotten aboard the ill-fated plane without listing their names.

**Newsman Missing**  
There were unconfirmed reports

ports in Mexico City that J. Clifford Saffley, managing editor of the San Diego, Calif. Union, and formerly with the Moline, Ill. Daily Dispatch, was aboard the plane. Officials of the newspaper said they had not heard from him and expressed concern over the

(Please Turn To Page 6, Col. 3)

## State Treasurer Brake To Run For Governor In 1954

LANSING (AP)—State Treasurer D. Hale Brake today announced his candidacy for the Republican nomination for governor next year.

In a statement, Brake said he made his decision to run "only after a thorough analysis of the needs of the government and a soul-searching of my own character and record of 19 years of service in state government."

Brake was first elected state treasurer in 1942 and was re-elected in the five succeeding elections. Previous to that, he was a state senator for four terms, a county prosecuting attorney and a Stanton school board member.

## Israeli Attack On Jordan River Town Denounced

UNITED NATIONS, N. Y. (AP)—The U. N. Security Council braced itself for a double-header today—Soviet demands for the internationalization of disputed Trieste and continued debate on a Big Three call for a probe into the bloody Arab-Israeli border squabble.

The Arab-Israel question was first.

The United States, Britain and France asked for an urgent council session on the Palestine issue after denouncing an Israeli attack on a Jordan village last week in which Jordan claims 66 lives were lost.

**Soviet Plan Opposed**

Later today the council was scheduled to continue debate on the Soviet-sponsored move to name a Swiss governor for the free territory of Trieste under permanent U. N. control.

Both Yugoslavia and Italy oppose that solution for the future of the strategic area, which each claims.

The Trieste dispute flared anew when Britain and the United States announced they would withdraw their occupation troops from Zone A of the divided territory and turn it over to Italy's administration.

Yugoslavia, which now controls the territory's Zone B, protested violently and President Tito threatened to march his troops into Zone A the moment Italian forces set foot in that area, which encompasses the vital Adriatic port city of Trieste.

**Aid To Jews Held Up**

At a Big Three foreign ministers' meeting in London last week Britain, France and the United States invited both Italy and Yugoslavia to a five-power parley aimed at reaching a peaceful settlement of the Trieste dispute.

On the Palestine issue, the United States has served notice that it will withhold American financial aid to Israel until the Jewish state abandons its project to divert the Jordan River along the Syrian frontier for irrigation.

The U. N. Monday brought out its own plan for making use of the Jordan waters—a 121 million dollar "TVA on the Jordan"—to provide irrigation and water power to both Arabs and Israelis.

Elsewhere in the international organization, the U. N. Political Committee turned down an Arab-Asia demand that France grant complete independence within five years to its North African protectorate of Morocco. The vote in the 60-nation body was 28 to 22, with nine abstentions. Britain and the United States opposed the resolution.

The committee did, however, approve 31 to 18, with nine abstentions, an amended Bolivian resolution urging that the rights of the Moroccan people to self-determination be respected.

## Nation's Stockpiles Of Vital Metal In Bad Shape, Says Solon

WASHINGTON (AP)—Sen. Malone (R-Nev.) said today a congressional probe of the nation's stockpiles of critical metals had shown most of them to be "in bad shape."

Malone told a reporter the investigation, being conducted by a Senate subcommittee he heads, had convinced him that:

1. The rate of stockpiling should be stepped up sharply.
2. The United States should do all in its power to develop sources of strategic materials within its borders and in the rest of the Western Hemisphere.

## South Korean Gives Up To Communists With American F51

SEOUL, Korea (AP)—A reliable source said tonight that a South Korean Air Force pilot flew an F51 Mustang fighter-bomber to North Korea Monday and deserted to the Communists.

Details were not available. U. S. 5th Air Force headquarters referred all queries to the South Korean defense ministry, but no official spokesman was available there at night.

U. S. Far East Air Force headquarters in Tokyo said, "We don't have anything on it right now," and also referred newsmen to South Korean defense officials.

## Camp Is Opposed By Traverse City Red Demand To Force Propaganda On POWS Gets Flat Rejection

TRAVERSE CITY (AP)—The City Commission voted unanimously Monday night to back Dr. Joseph E. Maddy's stand that a prison work camp should not be built within 15 miles of the National Music Camp at Interlochen.

Meanwhile, a surveyor reported that the proposed work camp site is 3.3 miles from Dr. Maddy's famous woodland music camp. The distance previously had been reported as close to six miles.

Dr. Maddy has contended that parents would object to sending their children to a place so close to a prison branch. He has obtained a court order barring a start of construction at least until a hearing Friday.

The city commission's vote, which was unanimous, differed from a decision of the Grand Traverse County Board of Supervisors. The supervisors said they would not oppose a permanent work camp anywhere in the county—so long as it is 15 miles or more from the music camp.

PANMUNJOM (AP)—The delay-riddled Communist efforts to woo 22,400 ex-Red soldiers home to Communism halted indefinitely today after the Reds were turned down flat on demands that the POWs be dragged to the explanations by force if necessary.

Stung by the rebuff from India, Switzerland and Sweden, the satellite Polish and Czech delegates on the Neutral Nations Repatriation Commission (NNRC) walked out Monday and gave no indication when they would return.

The explanations apparently were postponed indefinitely. Observers speculated that the Red walkout could be a prelude to dropping their persuasion efforts entirely in an attempt to avoid more of a propaganda whipping than they have already taken in two days of interviews.

Only 19 of 921 Chinese who heard the Red pleas to return home chose the door to Communism. The others refused—most of them with raucous, violent denunciations of the Reds.

Despite the lopsided results, the interviews with the 7,800 Chinese POWs had been proceeding smoothly, but the 14,600 Koreans completely stopped the show with a belligerent refusal to even listen to the Red persuaders.

Under the truce terms, the interviews must end late in December—Dec. 23 by Allied interpretation and Dec. 24 by Indian interpretation.

The U. N. Command still can interview the 23 Americans, 1 Briton and 335 South Koreans who have said they want to stay with the Reds.

**Utah, Nevada Areas Get Snow**

(By The Associated Press)

Mild and mostly dry weather continued Tuesday over most of the eastern half of the country, but it was on the cool and wet side in western areas.

Snow was reported Tuesday in some sections of Utah and Nevada.

Heaviest rainfall was in the southern Rocky Mountain states where falls in some areas measured more than a half inch. There were a few light showers in the northeast, and another belt of rain moved into the Pacific Northwest early Tuesday.

Indian summer weather Monday brought new temperature records for the date in many cities, especially in the Ohio Valley and the North Central States. Readings of 80 and higher were reported.

**Woman Kidnaper Resigned To Die**

KANSAS CITY (AP)—"The only thing I want to do now is die in the gas chamber with Carl."

That remark was attributed Monday to Mrs. Bonnie Brown Heady, confessed kidnaper of 6-year-old Bobby Greenlease. The Carl she referred to is 34-year-old Carl Austin Hall, who admitted slaying Bobby and burying the body in Mrs. Heady's back yard.

A police officer who declined use of his name quoted Mrs. Heady, a 41-year-old divorcee.

Mrs. Heady has declined to read religious tracts brought to the jail by various church organizations.

"I have never had anything to do with religion during my life and I don't intend to start now," she was quoted as saying.

**Navy Bomber Plunges Off Bermuda; Six Of 10 Aboard Rescued**

HAMILTON, Bermuda (AP)—A laboring two-engine U. S. Navy patrol bomber making an emergency stop here because of engine trouble crashed in St. Georges harbor Monday night. Six of the 10 crewmen aboard were rescued and taken to a hospital with undisclosed injuries.

The plane, enroute from Quonset Point, R. I., to San Juan, Puerto Rico, on a training flight, was coming in for a landing at the U. S. Air Force's Kindley field here when it stalled and smashed tail first into the water.

A Navy announcement said all six survivors had been taken to a hospital at Kindley field. Their names, it added, "cannot be released yet."

## Telephone Rate Raise Protested

LANSING (AP)—W. S. Woodfill, owner of the Grand Hotel on Mackinac Island, today had filed a protest with the Michigan Public Service Commission to a proposed new rate increase by Michigan Bell Telephone Co.

He said the protest was based on a 155 per cent increase in the hotel's telephone bill since 1949. He said that other seasonal hotels had received increases totaling 61 per cent and that the average telephone increase throughout the state in the same period was 27 per cent.

The commission heard the complaint at the start of routine cross examination of company witnesses. The company is asking rate increases totaling \$22,000,000 annually.

## Fire Hazard Closes Massachusetts Woods

BOSTON (AP)—Massachusetts woodlands were closed today to the scheduled opening of the hunting season—because of the forest fire menace.

Gov. Herter closed the woods by proclamation Monday for the third time this year as scores of forest fires blazed in various sections of Massachusetts.

## Weather

Reported by U. S. Weather Bureau

**UPPER MICHIGAN:** Mostly fair tonight and Wednesday; not much change in temperature.

**ESCANABA AND VICINITY:** Mostly fair and continued unseasonably warm tonight and Wednesday; low tonight about 55°; high Wednesday ranging from about 65° near the shoreline to near 80° a few miles inland. Light southerly winds tonight, becoming 8-15 mph Wednesday.

**ESCANABA:** 69°; 50°.

(High yesterday and low today)

## Showdown Proposed To Cut U.S. Troop Strength In Europe

WASHINGTON (AP)—Sen. Stennis (D-Miss.), declaring America cannot continue indefinitely its manpower and financial commitments abroad, today urged a showdown with France on creation of a European army.

Stennis, a member of the Senate Armed Services Committee, spoke out in an interview after Secretary of Defense Wilson had told a news conference Monday he believed in the long run development of new weapons would permit a cut in United States troop strength in Europe. Wilson didn't define "long run."

The United States Infantry strength in Europe is now the equivalent of six Army divisions.

Stennis, a member of a subcommittee which reported last week after a tour of bases that this country has increased aerial striking power in Europe and Africa, said:

"We cannot and should not continue indefinitely to carry so large a part of the money and manpower burdens of this program. No permanent and effective defense of Europe can be carried out without German soldiers in the plan."

"The next move is up to France, and if she does not agree I think we should make alternative proposals that will include German soldiers and leave France and Italy out."

Formation of a Western European army—projected to include troops from France, Italy, West Germany, Belgium, the Netherlands and Luxembourg—has been stalled for months. Only West Germany has ratified the necessary treaties.

France, where concern has been voiced over possible revival of German militarism, has delayed action but prospects for ratification there have brightened somewhat. Italy has lately shown signs of balking unless her dispute with Yugoslavia over Trieste is settled to her satisfaction.

**Russian War Games On In East Germany**

BERLIN (AP)—A West Berlin radio station reported today the Soviet occupation army in East Germany is now engaged in one of the biggest war games it has held in that occupied country. There was no confirmation, however, from official Western sources.

The report was broadcast by the Berlin station of the Northwest German radio network which said strong Soviet air and ground forces were participating in the maneuvers that began in Thuringia last week.

## Minimum Wage Boost Considered

WASHINGTON (AP)—The Eisenhower administration was reported today seriously considering asking Congress to increase the present 75-cent-an-hour minimum wage.

Former Secretary of Labor Martin P. Durkin had decided before he resigned last month to ask White House clearance for a request to raise the minimum to \$1.

Durkin's successor, James P. Mitchell, is now putting finishing touches on all the department's legislative proposals. Responsible sources, both on Capitol Hill and in the Labor Department, said odds are in favor of White House endorsement.

## Americans Dismissed From U. N. Jobs Get \$43,230 Compensation

LONDON (AP)—Four Americans fired from United Nations jobs for failing to answer U. S. loyalty probe questions about alleged Communist ties have been awarded \$43,230 in compensation.

The payments were ordered Monday night by the U. N. Administrative Tribunal, a kind of appeals court for staff members of the international organization. The tribunal previously had ruled their ousters illegal and demanded their reinstatement.

The compensation was requested as an alternative under U. N. rules when secretary general Dag Hammarskjöld announced he would not accept the tribunal's call for their rehiring.

## TODAY'S CHUCKLE

It's called take-home pay because that's the only place you can afford to go with it.

## Wraps Taken Off Supersonic Jet

LOS ANGELES (AP)—Part of the cloak of secrecy was dropped from the Air Force supersonic F100 Super Sabre fighter plane today in a Hollywood style premiere as the first production model came off line.

But as North American Aviation Co. threw an arrival party for the swept-wing big brother of the F86 Sabre, the company and the Air Force carefully withheld much of the F100's performance data.

The Air Force has announced the F100 is its first operational jet fighter to exceed the speed of sound in level flight.

However, there has been no announcement as to how fast or at what altitude the level flights were made.

Announced dimensions for the F100 shows the body 45 feet long and 14 feet high. It has a combat radius of more than 575 miles.

The F100 is capable of close support bombing missions as well as aerial combat.

**By W. JOYNES MACFARLAN**  
WASHINGTON (AP)—Secretary of the Interior McKay said today the depressed status of the coal industry "is so obvious that it is a cause for national concern."

"In an energy market that is huge now and with prospects of great expansion, the need for a new and serious look at the fuel situation becomes increasingly important," McKay said in a talk prepared for the annual meeting of the National Coal Assn., a bituminous producers' group.

"If one of the fuel industries becomes weak, the other existing fuel industries are endangered. A weakened fuel industry sows the first seed for government control and then for government subsidy."

"Soon the other fuel industries are forced to compete with the government and eventually they too will fall under government control."

The secretary said that in the last decade or so petroleum and natural gas reserves have been used at steadily increasing rates while coal deposits—"which are the principal part of the country's energy resource"—are being used at a declining rate.

"It may be contended," he said, "that this changing trend in fuel relationships is nothing to worry about now and may not be for many years. Perhaps this is true. Certainly, the matter is difficult to debate . . ."

"Coal as one of the major energy resources is still used in volume today, but at a declining rate. We can not get along without coal. It may some day again be our principal energy source. Its prosperity and stability are beneficial and vital to the entire economy."

## Carpenter Union Leader Is Dead

INDIANAPOLIS (AP)—William L. Hutcheson, 79, general president of the AFL Carpenters Union for 36 years and a towering figure in the American Labor movement, died in Methodist Hospital here today of a heart ailment.

The veteran labor leader was brought to the hospital Oct. 12 for a stomach examination and suffered a heart attack Oct. 15 before the stomach tests were completed. He had been in critical condition since.

Hutcheson, one of the few Republicans among top union officials, stepped down from the active presidency of the 822,000-member union Jan. 1, 1952, and was succeeded by his son, Maurice A. Hutcheson. The elder Hutcheson was named general president emeritus.

Hutcheson stood virtually alone in the ranks of organized labor as a severe critic of the administrations of President Franklin D. Roosevelt for what he called "government's inroads on free enterprise."

A native of Saginaw County, Mich., Hutcheson was reared on a farm and had only a country school education. His father Daniel O. Hutcheson had been a ship carpenter and the son took up the trade at 16.

## Outlook Favorable To Settle 112-Day Strike At Kingsford

IRON MOUNTAIN (AP)—Federal and state labor mediators today awaited a call from company and union representatives to resume negotiations in the 112-day-old Kingsford Chemical Co. strike.

State Labor Mediation Board Chairman George E. Bowles, Monday voiced optimism over the possible resumption of negotiations.

State police and local law enforcement officials meanwhile maintained order at the plant. Monday Kingsford police escorted non-striking employees through CIO United Auto Workers picket lines.

No violence was reported as about 50 workers entered the plant in contrast to last Thursday and Friday when pickets overturned non-strikers' cars.

Bowles said he thought the company and union could get together later this week if "the situation remains stabilized and the involved parties continue to exercise self-restraint for the next few days."

Two representatives of Attorney General Frank Millard's office also were in Iron Mountain to seek a possible contempt of court citation against a striker who damaged a non-striker's car Friday.

The representatives, Meredith Doyle and Eugene Townsend, said the citation may be sought against Roland Tremain, one of 22 strikers enjoined by a court order from obstructing plant right of ways.

Tremain has been placed under a \$25 bond. He was charged with swinging a club at a non-striker's car.

The strike centers on a dispute over a union shop and compulsory dues check off sought by the UAW.

**Prospects Not Good For Coal Industry**

fuel industries are endangered. A weakened fuel industry sows the first seed for government control and then for government subsidy.

"Soon the other fuel industries are forced to compete with the government and eventually they too will fall under government control."

The secretary said that in the last decade or so petroleum and natural gas reserves have been used at steadily increasing rates while coal deposits—"which are the principal part of the country's energy resource"—are being used at a declining rate.

"It may be contended," he said, "that this changing trend in fuel relationships is nothing to worry about now and may not be for many years. Perhaps this is true. Certainly, the matter is difficult to debate . . ."

"Coal as one of the major energy resources is still used in volume today, but at a declining rate. We can not get along without coal. It may some day again be our principal energy source. Its prosperity and stability are beneficial and vital to the entire economy."

## Squeeze On Farmers To Continue In 1954, Department Predicts

WASHINGTON (AP)—Farmers can look forward to about as much trouble balancing income with outgo in 1954 as they are having in 1953.

This is the opinion of the Department of Agriculture, which reported Monday that "the cost-price squeeze is likely to continue in 1954 about the same as in 1953."

## Folks Pray For Rain In Illinois City

EFFINGHAM, Ill. (AP)—Residents of this drought-stricken city held a day of prayer for rain Monday.

Mayor Eugene Wenthe issued proclamation. All churches remained open throughout the day so members could come in to pray for rain.

Water consumption here has been cut to 10 gallons per person per day for the past week.

## Five Cars In Train Derailed

Five cars of an empty C&NW 175-car ore train jumped the track at Wilson this morning at 6 after a trap door on a car fell open, got caught in the Wilson switch, and derailed the car, the railroad said.

The wreck delayed the "400," streamliner to Chicago, two hours at Powers.

The ore train left the derailed cars at the accident scene and went to Stambaugh and the Menominee Range.

A wrecker went out from the Escanaba yards this morning to clear the tracks.

After the car got caught in the Wilson switch and derailed, the railroad said, the train traveled another mile or so before the derailed car got sufficiently out of line to derail four more cars.

The cars will be carried back to Escanaba on the wrecker, or will be towed back if they are in good enough shape, the railroad said.

Conductor of the derailed train was Victor Guindon of 221 N. 18th St. Engineer was Gregory Kilmetz of 1011 Sheridan Road.

## Revision In City's Electric Contract Asked By Mead

Escanaba City Manager A. V. Aronson tomorrow will meet with representatives of Mead Corporation in a discussion of the city's electric power contract with Upper Michigan Power & Light Company, a Mead Corp. subsidiary.

The meeting was requested by J. H. Cunningham, comptroller for Mead Corp., and will be attended by Cunningham and F. D. Schnacke, attorney for the corporation, and the city manager.

Discussion will center on Mead Corporation's suggestion that the power rate to the city under the present contract be revised upward. The present contract under which the city purchases power wholesale from Upper Michigan Power & Light Company expires Aug. 1, 1959.

The city manager will report to the Escanaba City Council following the meeting.

## Home Demonstration Leaders Will Hear Specialist Of MSC

Miss Olivia Meyer, home management specialist of Michigan State College, will address home demonstration leaders of the Gladstone area Thursday during a seminar on shopping wisely. Home Demonstration Agent Ingrid Tervonen announced today.

Title of the seminar, which will last from 10 a. m. until 3:30 p. m., will be "Mrs. Consumer Goes To Market."

The morning session will lay the foundation for two hours which leaders will take at noon to visit grocery stores, both of the chain and independent type, and dry goods and ready-to-wear stores. Each leader will be assigned something to find out at a store.

There will be a discussion period in the afternoon.

Leaders will transmit what they learn to members of their own groups.

Miss Tervonen said there will be a similar meeting in Escanaba for leaders from the Escanaba area Nov. 12. Place and time have not been arranged yet.

## \$20 Theft Reported From West End Cafe

The West End Cafe at 302 Stephenson Ave. was entered and \$20 in silver taken from the drawer of a dresser in an upstairs bedroom, it was reported today by George Kirt, proprietor.

Police said Kirt told them the burglary occurred sometime between 3 a. m. Monday and this morning, while the cafe was closed.

Entrance was made through a window in a room on the first floor of the building.

Classified Ads cost little but do a big job

**IN BIG SHOW SATURDAY**—The Bay de Noc chorus, SPEBSQSA, a group of barbershop singers from Escanaba, Gladstone and vicinity, will put on their annual harmony show Saturday night at the Oliver Memorial Auditorium. Under the direction of Sam Ham, the chorus will sing three groups of numbers, two of them featuring vocal and piano soloists. The program Saturday night will have three internationally-known quartets: the famed Schmitt Brothers of Two Rivers, Wis., The Four Chorders of London, Ont., Canada; and the Chicagoans, Chicago, Ill. Local singers in the group above include: front row, left to right, Ed Olson, Fritz Provencher, Lambert Peterson,

Bob Adams, Director Sam Ham, Harold Valentine, Elroy La-Cosse, Bud Ottensman, George Walker; second row, left to right, Marvin Larson, Don Grenfell, Art Jensen, John Collins, Doug Walker, S. E. Decker, Martin VanDonsel, Tom Quinn, Dan Danielson, Emil Ahlin, Earl Owen; back row, left to right, Bob Olson, Dick Schmeltzer, Lowell Sundstrom, E. H. Rasmussen, Marvin Barbeau, Soren Johnson, Nobel Swenson, Gump Olson, Milt Lindblad, Fred Swank, and Lars Cameron, master of ceremonies. Absentee members not in the picture include Ken Thompson, chapter president, Olle Nelson, Ed Louis. (Juetten Photo)

## Briefly Told

**Bowling Meeting**—Officers and captains of the Arcade Women's Bowling League will meet at the Arcade Alleys Thursday at 8:45 p. m.

**League of Women Voters**—The afternoon unit of the League of Women Voters will meet Thursday at 2 p. m. at the Carnegie Library. Todd Gayeff will discuss the electrical problems of the city.

**Bark River Servicemen**—The servicemen of Bark River are requested to meet at Boyle Funeral Home Wednesday at 9 a. m. for participation in the DeLoughary military rites.

**Marriage License**—Admer Breitman, Gladstone Rte. 1, and Marian Olson, Rte. 1, Box 14, Gladstone, have applied for a marriage license in the office of the county clerk.

**Radio Contestant**—Clyde Moersch, 429 S. 13th St., appeared today on "Ladies Fair," a Mutual Broadcasting program. He entered a singing contest with other men attending the program and came out the winner. The radio show is held in Chicago.

**Cub Pack 410**—Cub Pack 410 of the Franklin School will hold its first meeting of the fall at the Franklin School assembly room Thursday, Oct. 22. The new charter will be presented to Cubmaster Charles Johnston by Andy Houston. Pins will be presented to all cub leaders. The theme for the meeting will be Indian Summer and all of the cub packs will present Indian skits.

**Cars In Accidents**—Two Menominee cars at widely separated times were in accidents at the intersection of M-35 and S. 23rd St., Escanaba police reported today. Walter B. Callies, Menominee, at 8:28 last night ran into the ditch at the intersection curve. At 2 a. m. a car driven by M. J. Anuta of Menominee knocked down two posts and damaged a sign there. There was a heavy fog at the time of the accidents, police reported. No one was injured.

## Obituary

**PAUL DISHNO**  
Funeral services for Paul Dishno will be held Wednesday at 9 a. m. at St. Joseph's Church with Father Stephen Schneider, O.F.M., officiating. Burial will be in Gardens of Rest Cemetery. Friends may call at the Alto Funeral Home beginning today.

Mr. Dishno was born in Powers June 11, 1884. He lived in Escanaba before moving to Chicago and returned here following his retirement.

**HAROLD J. DELOUGHARY**  
Funeral services for Harold J. DeLoughary of Harris, fatally injured in an automobile accident, will be held Wednesday at 9:30 a. m. at St. George's Church at Bark River with Rev. Fr. J. J. Dunleavy officiating at the requiem high mass. Burial will be made in the Bark River Cemetery. Military rites will be conducted by the Cloverland Post of Escanaba and the Tony Revard Post of Powers with local servicemen participating.

## Sentiment Switches To Cheerful Side In Business Slump

**By SAM DAWSON**  
NEW YORK (AP)—The switch in business sentiment to the more cheerful side is more evident this week.

Fear of a bad slump with many jobless, profits vanishing and stores half empty was banded around last summer when businessmen got together. Today the fear mongers are in the minority. The majority is now saying: "Only a mild dip which our own particular company ought to be able to master handily."

**Slip Under Way**  
Sentiment, of course, can change again just as quickly if a business dip begins to pinch harder.

The switch in sentiment comes, strangely enough, just when the statistics are beginning to reveal that a business slump is underway.

An industrial production dip is beginning to show. Those selling to farmers are well aware of what the drop in farm income is doing. Retail sales in general haven't risen as sharply this fall as in other autumns. Bank loans aren't up as much as usual.

Even buying-on-the-cuff isn't growing at its old rate, and payments are getting a little hard to collect.

**Government Acts**  
The silver linings which businessmen are now spotting in those clouds they found so disturbing a couple of months back are of several types: A new look at profit prospects; hopes of tax relief; belief that prices won't slip much; the apparent change in government policies.

For months many businessmen feared that deflation was to be allowed to take its course, with tumbling prices, plant shutdowns, and a general marking of time by business until consumer demand spurred again. The idea: to stiffen the purchasing power of

the dollar and to adjust production rates to consumer demand.

Now it appears that Washington is going to move fast to cushion the dip, to forestall it if possible. Easy credit has supplanted tight. Budget balancing becomes a long-term, not a short-term, goal.

**Cattle Prices Rise**  
Price supports for farm products apparently will keep a firm floor under them. The Bureau of Agricultural Economics predicts today that cattle prices will rise. Its parent, the Department of Agriculture, has been under sharp attack from the cattle raisers and from farmers in general.

Manufacturers are finding their silver linings in other things. Fairly high sales of most goods continue. Productivity is rising for many firms, thanks to the better plants and equipment they are starting to put into operation. That means they can produce goods more cheaply and with less labor. Various cost-cutting drives have helped others.

## Five Young Men Are Air Force Enlistees

Five young men, all enlistees in the United States Air Force, left today for Milwaukee where they will take physical and entrance examinations. Upon passing these examinations, the men will be sent to Parks Field, Calif., for their basic training.

The enlisted men are John Schaut, son of Mr. and Mrs. Louis Schaut of Escanaba Rte. 1; Bill Beach, son of Mr. and Mrs. William Beach of 1507 Michigan; Gladstone; George Ryan, son of Mr. and Mrs. George Ryan of Escanaba; Roger Tourangeau, son of Mr. and Mrs. Arthur Tourangeau of Flat Rock and Gerald Carrigan, son of Mr. and Mrs. Nels Carrigan of Flat Rock.

## Upper Peninsula Briefs

**MENOMINEE**—Menominee County's 12th polio case for 1953 was reported by the Delta-Menominee Health Department. The patient is Thomas Kuntze, 4½-year-old son of Mr. and Mrs. Robert Kuntze, who is in St. Joseph-Lloyd Hospital. The youth was stricken Friday.

**IRON MOUNTAIN**—Henry W. Walters, M.D., chief of the Tuberculosis Section for the Area Medical Office, Veterans Administration, at Fort Snelling, Minnesota, has arrived to serve on an interim basis as manager and chief of professional services at the Veterans Hospital in Iron Mountain.

**IRON RIVER**—With the blessings of the Most Rev. Thomas L. Noa, bishop of the Marquette diocese, about 200 men of St. Agnes parish set out on a three-hour campaign to raise \$100,000 to retire the debt on St. Agnes parochial school and provide a new convent for the teaching Sisters of the school.

**NORWAY**—Dickinson county's fourth polio case was reported to the county health department by Dr. Willard Hayes, of Norway. The victim is Janet Bergwall, age 13, who is being cared for at the home of her parents, Mr. and Mrs. Roy Bergwall, highway US-2, Norway, for a mild case of bulbar polio.

**IRON RIVER**—Iron county has received a check for \$16,080.74 for distribution for school and road purposes, representing refunds chiefly from the sale of timber in the Iron River tract of the Ottawa National forest.

## Schedule Personnel Management Meet For U. P. Oct. 22-23

A conference on personnel management for industrialists and businessmen of the Upper Peninsula is scheduled to be held at Marquette Oct. 22-23, sponsored by the University of Michigan Extension Service and the Bureau of Industrial Relations.

Firms are invited to be represented at the conference to be held in Northern Michigan College of Education, which is cooperating in the program.

Responsibilities of supervisors, their selection and development, and maintenance of two-way communication between managers and employees will be stressed at the conference. Purpose of the conference is to promote industrial productivity through better personnel management.

The conference is planned for policy-forming executives, such as general managers, factory man-

agers, superintendents and senior personnel officers. John W. Riegel, director of the Bureau of Industrial Relations of the University of Michigan, will be conference chairman.

Speakers will include Robert Barron, Escanaba, assistant director of personnel, Mead Corporation; Howard M. Graff, Ishpeming, assistant manager of mines, Inland Steel Company; L. J. McNamara, Rhinelander, director of industrial relations, Rhinelander Paper Company; Herman J. Gemunden, Duluth, of the Oglebay, Norton Company; and Clifford Murray, Niagara, personnel superintendent, Kimberly-Clark Corporation.

Members of the advisory committee for the Bureau of Industrial Relations are E. G. Bennett, Jr., Lee, Robert Losse and Charles Folio of Escanaba, and James T. Jones of Gladstone.

The actual number of languages in the world computed by officers of the French Academy is put at 2796.

## Charter Change Up For Hearing

Escanaba's charter revision commission will meet at 7:30 p. m. Wednesday in council chambers at City Hall to discuss two suggested new sections to the proposed revised charter for the city.

The meeting is open to the public and discussion of the proposed sections, particularly the suggested section regarding city election practices, is expected to be followed with keen public interest.

The suggested elections section would limit campaign expense, prohibit "candidate slates", and establish other regulations of city council elections.

The other section proposes to establish the cooperative policy of the city regarding industrial, agricultural, transportation, and tourist industry development and expansion.

Carl Sawyer is chairman of the charter revision commission and will preside at the Wednesday night meeting.

Escanaba voters last spring approved a charter revision study and elected a charter revision commission of seven men and two women to study and prepare a proposed new charter for the city.

The meeting Wednesday night is expected to be the last review meeting prior to final work in preparing the proposed charter to submit to the governor and to the voters of Escanaba for approval.

## Ugly Bear Shot In Wheel Chair

YUBA CITY, Calif. (P) — A cripple confined to a wheel chair for 40 years related Monday how he held off, then killed a 226 pound black bear in northern California's deer hunting country.

Bryan Arritt, 50, was seated when he spotted a bear 60 feet away on a hillside while friends sought to drive a deer toward him. He had four shells in his .300 rifle.

"The first one caught him in the shoulder," said Arritt. "He got up and charged me. The next one got him in the front leg. As he came down I got him again under the right eye. I fired my last shell and hit him in the hind leg. He got up and came at me again. When he got about a foot and a half away, I poked him off with the barrel of my gun. The blood kept spattering all over me. He circled me. I threw a couple of rocks at him."

Arritt said he managed to get another shell in the gun. "When he came in close, I let him have it between the eyes. He was pretty dead then."

## Son Leaves For Army With Family Car Keys

DANVERS, Mass. (P) — Mrs. John Surrence of Middleton apologized to Danvers police for parking her car overnight.

She said her son John was inducted into the Army yesterday and the family drove here to see him off.

After lengthy goodbyes, the family trooped back to the car. They found that John had gone off with the keys.

## Free Water Given Away At City Hall

LEXINGTON, Mo. (P) — They're giving away free water at the Lexington City Hall today.

The Lexington Advertiser News will guarantee payment for the water and will accept contributions from businessmen to help cover the cost.

The prolonged drought has dried up many wells and ponds in this area, and water hauling has become a major farm chore.

Four cents of the average consumer's dollar in the United States goes for medical care.

### LATEST THING IN A-BOMB CARRIERS —

The model pictured above shows for the first time the new nose and crew compartment design that distinguishes the Boeing B-52A Stratofortress from its prototype, the B-52. The eight-jet, long-range bomber is now in production at Boeing's Seattle, Wash., and Wichita, Kan., plants for the Air Force's Strategic Air Command. While the older design had a tan-

dem-seating arrangement, pilot and co-pilot sit side-by-side in the new plane. The B-52A boasts eight Pratt & Whitney J-57 turbojet engines mounted in four sharply forward-raked wing pods, and an auxiliary fuel tank under each wing tip. The global bomber's speed, range and other performance details have not been disclosed.

## Charles Molin Taken By Death

Charles John Molin, 84, of 912 S. 18th St., died this morning at 7:15 in St. Francis Hospital, where he had been a patient since Sunday.

Mr. Molin was born Jan. 15, 1869, in Narkil, Sweden. In Escanaba he worked 20 years in the Skandia Co-op Store. When it closed, he opened his own grocery store in North Escanaba, and ran it until he retired.

He was a member of Covenant Mission Church, Escanaba.

Surviving are one son, John, of Escanaba; a sister, Mrs. Laura Nelson of Wheaton, Ill.; three grandchildren and two great-grandchildren.

The body will lie in state at Anderson Funeral Home beginning Wednesday afternoon at 2. Rev. John Anderson of Covenant Mission Church will conduct funeral services Thursday afternoon at 2 in the funeral home.

Mr. Molin will be buried in the family lot in Lakeview Cemetery.

## Officer Who Cracked Greenlease Kidnaping Suffers Breakdown

ST. LOUIS (P) — The policeman who arrested the killer of 6-year-old Bobby Greenlease, central figure in a closed-door inquiry into police handling of the case, was reported today to be suffering from a nervous breakdown.

Dr. Charles M. Bauman, who made the announcement, said it would be at least several days before Lt. Louis Shoulters can be questioned in the investigation.

The inquiry, which began Monday before Police Chief Jeremiah O'Connell, stemmed from reports the FBI has found discrepancies in police accounts of the arrest. It centers around the handling by police of two suitcases in which nearly half of the \$600,000 ransom payment was recovered.

## President Returns From Dam-Dedicating

WASHINGTON (P) — President Eisenhower flew back to Washington early today after a five-day swing of speech-making and dam-dedicating.

He combined all three Monday on the Mexican border, then emplaned in his Air Force Constellation at Laredo, Tex.

The President arrived back in Washington at 11:40 p. m. (CST), and went directly from the airport to the White House.

## Ministry Has Its Lighter Moments, Kiwanians Learn

An entertaining commentary on the lighter side of a clergyman's life, happenings recalled from his years in the ministry, provided material for an unusual noon-day talk given for the Escanaba Kiwanis Club Monday by the Rev. James Bell, pastor of the First Presbyterian church. The Rev. Mr. Bell was introduced by Fred Johnson, program chairman for the day.

At a round-table discussion which opened the program Monday, members of the club voted to abandon plans for staging their annual home-talent show this year. The event, which grew from the annual Escanaba Kiwanis Minstrel, had been scheduled for Nov. 7-9-10.

## Flat Rock Garage Destroyed By Fire

Fire believed to have started from faulty electric wiring last evening destroyed a garage at Flat Rock owned by Ernest Roberts, with the loss estimated at over \$1,000, covered by insurance.

Escanaba firemen were called to the fire at 6:30 last night. The Gladstone fire department was also summoned.

## False Alarm Boys Get Brass Polishing Job

PEORIA, Ill. (P) — Plenty of brass polishing on the next six Saturdays faces Pete Forquer and Philip Hoover, both 16, for turning in a false fire alarm Sunday.

Police Magistrate Charles Schofield gave them a choice Monday between fines of \$25 apiece or spend six days making firehouse fixtures shine. They said they'd polish.

A third youth, Robert Brown, 20, paid his fine.

All three culprits must chip in to pay a \$20 reward to the person who had them arrested.

## Potato Entries Due Wednesday

Entries in the Delta County Potato Show, which will take place Thursday in the Brackett Chevrolet Co. showroom, 601 Ludington St., should be brought to the showroom Wednesday afternoon or Wednesday evening between 7 and 9, County Agricultural Agent Joseph L. Heirman said today. No advance registration is necessary.

Heirman announced that D. L. Clamahan, an extension specialist in the farm crops department of Michigan State College, will judge the show's entries.

Escanaba businessmen sponsor the Delta County Potato Show, an annual event. Winners will compete at the 24th annual Upper Peninsula Potato Show, which will be held November 3-5 in Ironwood.

At the Delta show, each table stock grower will exhibit a sample of 32 potatoes, uniform in size and shape and free from defects and diseases. Potatoes should weigh seven or eight ounces.

Each table stock grower will also exhibit a bushel of U. S. No. 1 potatoes.

Certified seed growers will exhibit a sample of 128 potatoes, uniform in size and shape and free from defects and diseases. Each potato should weigh about seven ounces.

Each 4-H boy and girl who enters will exhibit a sample of 32 potatoes, having the same qualifications required of table stock growers' samples.

In addition to quality of their samples, potato growers are also judged on yield of their acres, and on whether they followed approved growing practices when growing their potatoes.

### Hospital

Rev. Axel Edwards, a retired minister, of 610 N. 8th St., Gladstone, was admitted today to St. Francis Hospital after suffering a heart attack.

reposed in the middle of the highway playing bridge by the light of a street lamp.

The highway was opened and closed twice during the night as the students moved off in search of other adventure and then returned.

## Driver's License Act Is Clarified

Sheriff William Miron's office has received a bulletin from the Michigan Department of State which is designed to clarify who may apply for an original operator's license, and when a temporary permit may be issued.

An "original" license was defined by the sheriff's department as the first license a driver ever gets in Michigan.

A temporary permit is simply the permit one uses while waiting for his three-year operator's license to clear through channels. Thus the fee for the temporary permit includes the fee for a three-year license.

An applicant who has a valid out-of-state license but has never been licensed in Michigan, may get a temporary permit. Fee is \$3.00.

An applicant, 16 or over, who is a beginner, never previously licensed, must obtain clearance from the office of the secretary of state before he can obtain a temporary permit. Fee is \$3.00. To obtain such clearance, he simply takes the required driving tests.

ESCANABA DAILY PRESS  
Tuesday, October 20, 1953 — 3

the sheriff's department said.

### Chauffeur's License

An applicant, 14 or 15, who is a beginner, never previously licensed cannot have a temporary permit issued to him. Applicants this age can get only a minor's restricted license, and must submit a written statement from a parent detailing reasons why such a license is needed. Fee: \$3.00.

An applicant who was previously licensed in Michigan, but cannot prove it, must obtain clearance from the Michigan Department of State before he can get a temporary permit. Fee is \$3.00.

An applicant, who is applying for a chauffeur's license, and has proof that Michigan licensed him as an operator within three years prior to his chauffeur's application, must pay \$2.00 and take all tests except the road test.

An applicant who can prove Michigan licensed him, but whose application expired over three years ago, who applies for an operator's license, must pay a fee of \$1.50 and take all tests, including the road test.

## Editorials—

### Mitchell Has Better Chance Of Success Than Durkin Had

FOR his new Secretary of Labor, President Eisenhower has turned to a man vastly experienced in labor relations, albeit mostly from the management side. And his choice, James P. Mitchell, seems at the outset to have the good will of organized labor.

Mitchell comes to his new job from the Pentagon, where he has been Assistant Secretary of the Army for Manpower. During World War II he directed the War Department's Industrial Personnel Division.

### Tough Enough Without Roadblocks

A NOSE count taken among Senate Republican committee chairmen indicates that Senator Capehart's plan to add these chairmen to membership in the GOP Policy Committee is now doomed.

The policy group is now composed of key party leaders and other senators representative of a variety of viewpoints, without regard to seniority. The effect of Capehart's proposal would be to weight the committee heavily with men who have attained position largely by virtue of the length of their Senate service.

In practice, this would have meant giving extraordinary voice to Republicans from one section, the midwest, where the party has had the greatest continuity of success in battle with the Democrats.

It so happens that his group also has been most outspoken in opposition to President Eisenhower's policies. Had the plan won enough support to get adopted, it would not have augured well for the smoothness of relations next year between the President and Congress.

With the loss of Senator Taft, things will be tough enough without this added lever in the hands of Mr. Eisenhower's opponents. The party can hardly go to the people demanding re-election if it erects roadblocks against its own prospects of accomplishment.

### Words, Wit & Wisdom

By William Morris

Question: Can you tell me the origin of the phrase "busman's holiday," meaning to spend your leisure time at the same occupation at which you earn your living?

Answer: "Busman's holiday" is reported by one authority to have originated in the close relationship between horse teams and their drivers back in the days when London's omnibuses were horse-drawn. Almost invariably the regular driver would report to the starting point on his day off to see to it that proper care was used in harnessing his team. If he had any reason to suspect that the substitute driver was negligent in his handling of the horses, the regular busman might unobtrusively sit among the passengers to observe the new driver's behavior. These rides—beyond the call of duty and without extra remuneration—came to be called "busman's holidays."

Question: What is the correct pronunciation of "diphtheria"? I have always said dip-THEER-ee-uh, but my doctor pronounces it dif-THEER-ee-uh. B. Q., Brookline, Mass.

Answer: Your doctor is correct. At least his insistence that all letters in the word be given their full value has support of most language authorities. If you will examine the word closely, you will see that the first syllable is not "dip" but "diph" and thus the pronunciation should be dif-THEER-ee-uh.

However, with the exception of members of the medical profession it seems probable that ninety-five out of a hundred Americans pronounce the first syllable "dip" and will continue to do so. In fact, recent editions of several standard dictionaries admit this dip-THEER-ee-uh pronunciation as a second but acceptable pronunciation. Similar words whose common pronunciations do not agree with their spellings or preferred dictionary pronunciations are naphtha (should be NAF-thuh, not NAP-thuh) and diphthong (should be DIF-thong, not DIP-thong).

### The Doctor Says . . .

#### Women More Resistant to Disease Than Most Men

By EDWIN P. JORDAN, M.D. — Written for NEA Service

Women, largely because men have said so repeatedly for so long, have been labeled the weaker sex. From the medical standpoint, however, this label is completely wrong.

For every 100 girls born into this world, there are about 103 boys. From the time of birth on, however, boys died off at a more rapid rate than their sisters. By the time the later years of life are reached—from 75 onward—there are more than twice as many women living as there are men.

The change in the proportion between the sexes is brought about gradually because more men than women die at almost every age.

Women are more resistant to the fatal effects of most diseases. Girls and women appear to be much more robust than boys and men. Most of them accept illness more philosophically and this helps them to recover.

It is easy to understand that men are more exposed to accidents—at least this used to be the case before the days when

so many women worked in industry. Men are much more susceptible to certain types of heart diseases and other disorders involving the blood vessels.

Women stand cold better than men. The reason for this, at least in part, is because they have a thin layer of fat under the skin which helps to insulate them.

#### CAN STAND PAIN

Almost every doctor will agree that on the average women stand pain better than men do. This may not have any relation to their resistance to disease and is probably just a sign of their adaptability to the role of childbearing.

Whatever the cause, except in muscular strength and in endurance involving the use of muscular strength, it would be far more accurate to consider men rather than women the weaker sex.

With an aging population and periodic wars taking off even more men the time has already arrived when women outnumber men in the country as a whole. This difference will doubtless increase with the passage of time.

### Merry-Go-Round

By DREW PEARSON

En Route Through The Middle West —There was a special reason why President Eisenhower stopped at Defiance College in Defiance, Ohio, en route to the Mexican border. That reason had to do with 200 special cigars in glass containers prepared by the American Tobacco Company and labeled "Defiance welcomes the Eisenhowers, September 1953."

Actually Ike got there in October, so the cigars weren't quite up to date. Nevertheless he got there.

And the story behind all this is that Kevin McCann, president of Defiance College had obtained a promise from the President last summer that he would stop off at Defiance, O., enroute home from Denver. Dr. McCann is Ike's original biographer and wrote the book syndicated in many newspapers last year which helped to prepare for his nomination.

And having obtained the promise that Ike would stop over, McCann proceeded to get ready for him.

He spent \$150 on a new cornerstone, raised a lot of money to extend the runways of the Defiance airport so Ike's big plane could land, and had the special cigars made for 200 guests. Furthermore, the city of Defiance turned out with gala decorations—when suddenly McCann got a wire from the President reading:

"Sorry we won't be able to stop at Defiance on way home, Kevin. We have to stop in Chicago to pick up the kids."

Ike referred to the fact that he had to pick up his grandchildren who were visiting in-laws at Fort Sheridan, Ill.

McCann got a bad razzing from the folks at Defiance, and for a time he didn't feel much like living there. However, he went to Washington, made a personal appeal to the President, and Ike finally decided to stop at Defiance in October, not September.

#### BOILING AT BENSON

If Secretary of Agriculture Benson had realized the political storm that was brewing in Wisconsin last week, he might not have announced his reorganization of the Agriculture Department on the date he did.

As it was, Benson popped his plan to lop off a lot of soil-conservation districts and abolish the Production and Marketing Administration, just as Wisconsin farmers were showing what they thought of Benson's policies.

Next day, however, some farm groups elsewhere in the nation were even more irate than those in Wisconsin—especially the National Association of Soil-Conservation Districts. In making its reorganization announcement, the Agriculture Department stated that the Soil-Conservation Association had been consulted in advance. But that didn't seem to quiet soil-conservation leaders.

"That's a lie," said Waters Davis of League City, Texas, president of the Association. "We were not consulted."

"I got a telegram in Providence, R. I., instructing me to bring my board of directors to Washington for a meeting at 2 p. m., October 12," he explained. "This meant spending \$6,000 for traveling expenses for 25 directors. Instead I brought in four leading directors, all of whom voted for Eisenhower. But we were given no chance to discuss the reorganization plan. The plan was all out and dried. We were merely shown a copy of it."

#### BELLIGERENT CONFERENCE

The soil-conservation leaders who came to Washington included Nolan Fuqua, of Duncan, Okla.; George R. Heidrich, of Charleston, W. Va.; R. Edward Baur of Van Meter, Iowa; and Francis Lindsay of Loomis, Calif. They conferred with Earl Coke of Davis, Calif., assistant secretary of agriculture. All these men not only voted for Eisenhower but campaigned for him.

At the meeting, Davis, president of the Association, asked: "Under your reorganization plan for soil conservation, what technical stations will the states have?"

"We have not given that any study," replied Assistant Secretary Coke.

"What?" gasped Davis in astonishment. "Will you repeat that statement?"

"We have not given that any study," Coke replied.

Davis and his associates remarked that this meant that 1,000 highly trained technical experts on soil conservation would be fired, seven big regional offices would be disbanded, and yet no provision would be made for technical experts in the 48 states to replace them.

"How can you say this plan will provide better help when you haven't gone into any detail?" asked Fuqua of Oklahoma.

Coke declined to answer. "Will the volunteer soil conservationists all over the country have a chance to argue about this plan?" asked Davis.

"We have no further plan for discussing the matter," replied the Assistant Secretary of Agriculture.

A carton of shoes, all for the left foot, were stolen in Chicago. The thief is probably hopping mad.

### Into The Past

#### 10 YEARS AGO

Escanaba—The City recreational center opened today for the fall and winter. Mrs. Frank Brotherton will have charge of the table games and gym activities will be conducted by Mickey Kuchenberg.

Manistique—Mrs. Sherman Dewey entertained a number of friends at her home on Cedar street in honor of her husband's 61 birthday anniversary.

Escanaba—The Escanaba Lions Club has ordered the erection of a 12x30 foot signboard containing the names of all Delta county men in the service.

#### 20 YEARS AGO

Lansing—Michigan Agriculture leaders today did not expect the national farm strike to spread to this state. Immediate action on loosening of federal loans to farmers is expected to end some of the discontent.

Munising—Two Munising men were convicted and sentenced in circuit court here for raising a red flag on Aug. 5 and 6.

### In Other Words, Scram!

### American Listeners To Spend 250 Million On Hi-Fi Outfits

By RICHARD KLEINER

NEW YORK—(NEA)—If you don't know what "hi-fi" means, you are in good company. Even the people who make the stuff aren't sure.

That's because high fidelity is strictly a relative term. "Hi-fi" does to eating. Actually, it means greater fidelity to music as you'd hear it at a concert. Any manufacturer may claim his set is hi-fi, just as any restaurant may advertise delicious meals, but neither the sound nor the soup may suit you. You're the sole and final judge of whether it's hi-fi or not.

Ever since Edison invented his talking machine, people have been trying to duplicate the sound of music with higher fidelity. The first man to stick a bigger horn on his talking machine was the first hi-fi nut.

But what gave the industry its biggest boost, and home listeners their long- awaited chance at more faithful sound reproduction, was the long-playing record. Before then, there were gimmicks which would get more sound off a record — but the only more sound on the old-fashioned records were scratches.

Came the LP, and suddenly it was possible to get better sound. There was more on the record, and people wanted to hear it.

They realized that their moth-eaten phonograph was inadequate. And they turned to hi-fi.

The David Bogen Co., one of the biggest makers of hi-fi components, has had a 2000 per cent increase in sales of hi-fi parts since 1948. In the same time, sales of classical records in New York have zoomed 50 per cent, a tip-off since most hi-fi enthusiasts are of the long-hair persuasion. Of course, a hi-fi system will give you better bebop, too.

People who are dumping cash into hi-fi range from the average, sane individual, who spends \$150 and gets adequate hi-fi, to the hi-fi nut, or audiophile, who may spend \$5000 on his equipment. Altogether, estimates are that Americans will spend from \$80,000,000 to \$250,000,000 on these gadgets this year.

Basically, there are three parts to a hi-fi rig. You need first, something to supply music. This can be a phonograph, or it can be an AM-FM tuner, to get broadcast music. This provides an electrical impulse, which must be magnified. That's done by part two, an amplifier. The third part is the loud speaker, which changes the electrical impulse back into sound.

You can get a record changer in the \$30 range, an amplifier for around \$60, and a speaker for about the same. Installation, nowadays, is simple. The parts can be stuck on a shelf and you're in business. Or you can buy a pre-assembled set, but that usually costs five times as much.

From the basic system, you can go much further. You'll soon learn that a speaker, to do its job best, should be in a cabinet by itself—called a baffle—and preferably in a corner of the room. You can build one, of course, or buy it ready-made. Cabinetry is a big adjunct of hi-fiism.

Then you learn about the different kinds of record players. A true hi-fi nut won't use an automatic changer; he says a manual-operated turntable reduces hum, minimizes danger of damage to records and gives greater

THIS IS A "HI-FI" RIG: Basic components for this audiophile's home set-up are (1) loud speaker, (2) record turntable, (3) a pre-amplifier control and (4) the amplifier.

fidelity. Then there are auxiliary speakers. The idea behind hi-fi is that you hear a greater range of sound — the low notes and the high. There are "woofers," speakers specifically for low notes, and "tweeters," speakers specifically for high.

There are some audiophiles who go whole hog. One man has 60 speakers built into his wall. Some hang special drapes for better acoustics. Others put acoustical tile on the ceiling. And there are those who won't touch a record unless they wear gloves. Their fi is so hi it's out of this world.

Many of the big radio and TV manufacturers are getting into the

act. They have new sets which they claim to be hi-fi—and, if you like the sound, they're hi-enough-fi for you. But, technically, they generally don't reach the range of sound that you can get by buying your equipment piecemeal, although you have to have a pretty keen ear to tell that you're not getting a 14,500 cycle sound.

The first time you hear a hi-fi system, you may not like it. That's because you're used to your old kitchen radio. Hi-fi is giving you new sounds, sounds you've never heard at home before. In the beginning, it may sound odd.

But after a week or so, the chances are you'll be well on your way to himania, too.

### Draft Gets Polish Boy That Army Men Saved

By GEORGE GURLEY

Ada, Oklahoma, News TISHOMINGO, Okla. (P)—If, eight years ago, you had told Joe Ritchey, 21, he would some day graduate from an American high school and get his draft call, Joe probably would have called you crazy—in Polish.

But those are the latest chapters in this youngster's surprising life story.

Ritchey was a waif left homeless and starving in war ravaged Poland, in March, 1945, Battery C, 38th Field Artillery, Second Infantry Division pulled into a small German town, Friezenhagen, and was greeted by the usual group of tattered children.

Ritchey — then Joseph Eugene Paremba — was one of them. An Oklahoma corporal, Lee Roy Ritchey, became attached to the blonde emaciated child.

Joe's memory of his early life is clouded but he believes he was 7 when the German Army struck his town near Krakow. His mother died at the hands of Nazi soldiers and his father, brother and sisters were taken away. Joe was herded off to Germany for work in forced labor camps.

Of Joe's life with the battery, Lee Ritchey says:

"I can remember times when we were under fire. Everybody would be running for his hole. But Joe would be perched up in the cab of the kitchen truck watching it all with a big grin on his face. I don't think he was

ever scared."

Ritchey, a teacher, wrote his wife who was in Tulsa, Okla., at the time, asking if it would be all right for him to bring the youth to this country. She agreed.

At first, they hoped to make Joe look like a young replacement but that wasn't practical so they secreted him in a duffle bag and took him aboard ship.

When the ship finally got to sea, Joe went to the ship's senior officer and said: "I know I would be caught. But I want to go to America."

When the ship docked, immigration men debated Joe's status, and the soldiers collected more than \$500 for the refugee. The Ritcheys got help from Attorney General Tom Clark and a temporary visitor's visa for Joe.

Joe was adopted by the Ritcheys in 1947 and he has applied for citizenship.

Lee Ritchey is now principal of Tishomingo Junior High School and Mrs. Ritchey is a senior high teacher. The Ritcheys have another son, Wendall, 5.

Before coming to this country, Joe never was inside a school. By working at night and being tutored by his parents, Joe learned fast. He won the coveted Science Medal.

Like other American youths, Joe's future is uncertain because of the draft. He plans to go to college when he gets out of the Army.

### Good Evening . . .

By CLINT DUNATHAN

GREAT LAKES BOATS—The Great Lakes these past few days have been calm as a mill pond, but mariners will tell you that storms are ahead. They know this from experience. Never a season passes without some swift and treacherous storm—and these usually strike in late October and November.

First ship to sail the Great Lakes was destroyed in an October storm. The Griffon, built in 1679 by LaSalle for the French fur trade, disappeared in October that same year after leaving Green Bay.

Capt. Joseph E. Johnston of the Museum of Great Lakes History, Detroit, on a recent visit to Escanaba, declared that in his opinion the Griffon had used Horseshoe Island harbor for an anchorage in Green Bay.

Horseshoe Island, located some 40 miles south of Escanaba in Green Bay, has a fine all-weather harbor and, according to Capt. Johnston, also has the remains of old stonework in a hillside that indicates the French fur traders might have had a fur storage house there.

MYSTERY SHIP—In a previous column we commented on Capt. Johnston's opinion concerning the Griffon's Green Bay anchorage and elicited a note from Russell L. Johnson, commodore of the Escanaba Yacht Club.

"You mention the first sailing vessel of the Great Lakes, a topic on which I recall reading something that may not have come to your attention," he reports. "It is a quotation credited to Gen. Lewis Cass in a scientific publication on the lakes and had to do with another early vessel which also must have sailed through the Straits of Mackinac into Lake Michigan."

"Even the fact stated by Charlevoix (in 1721) . . . of his boat floating one way while the wind blew the reverse may be satisfactorily explained. A continuous and strong wind prevailing either way through the Straits will . . . destroy the equilibrium of the surface . . . (and later) produce a counter current, though the wind may remain unchanged and unabated. Hence, Charlevoix's boat may have been carried against a head wind."

"The name of this explorer's sailboat is not given in the quotation, which is from the American Journal of Science and Arts for July, 1831," Johnston reports.

THE SMALL CRAFT—"Your column also reminds," Johnston continues, "of another reference to the type of boats that you describe."

"You refer to local variations of the early Mackinaw type boat which 'had a flat bottom so it could be beached anywhere and was rugged for sailing.'"

"According to a recent article on the subject in a yachting magazine the 'true' Mackinaw boat was a double ender. It had a centerboard and a draft of about 18 inches at the bow and two and one-half feet aft, all characteristics that would make for easy beaching before the days of harbors or docks."

The author states: 'Historians in writing of the Northern Michigan area have ignored the Mackinaw boats though they must have played a vital part in the development of the Straits area.'

"The article is illustrated by two photos taken about 50 years ago near Charlevoix. It states that Roy Ranger, 80-year-old retired fisherman and boat builder of that port, believes the first 'real' Mackinaw were built and sailed by the Northern Michigan Indians."

"In the Mackinac boats Roger sees an enlarged and improved Indian dugout canoe, the same double end, the open hull, the bottom almost flat in the middle."

PAST TO PRESENT—Swinging from the old days to the present again, we have a clipping from the newspaper at Alpena telling the experience of two Stonington men on a scow towed by "the oldest tug on the Great Lakes," Mrs. S. Johnson of Stonington sends the clipping.

One week ago Sunday the tug Gladiator, built in 1871 and owned and operated by the Duluth-Superior Dredging Company, snapped a tow line. This left a derrick scow to go adrift near Thunder Bay Island about midnight.

"Capt. Arthur C. Laphis reported that after the cable snapped he asked Casper Brandt and Laurence Johnston of Stonington, and Leo Deleland of Sugar Island, to come aboard the tug but they elected to stay with the scow and try and anchor it."

They succeeded in anchoring near Thunder Bay Island and waited until the Gladiator took two pontoons to Alpena and returned to pick up the scow.

The derrick scow and the two pontoons were being towed from the Straits of Mackinac, where they had been used in work connected with laying an oil pipeline between the two Michigan peninsulas.

Fortunately the accident occurred in fairly calm weather. Later this season, however, all Great Lakes shipping will move under the hazard of gales and freezing spray, testing the courage of men and the strength of the ships they sail.

There always are more people ready to turn down ideas than there are to think them up.

## Harvester Ants Cause Trouble

WASHINGTON — The harvester ant, extolled by King Solomon as an example of industry because it stores food in the summer against winter need, is less popular with ranchmen in the western United States.

The busy foragers have denuded 90,000 acres of grazing land in Wyoming's Big Horn basin. They have cleaned seed from almost half a million acres, and they stymie reseeding experiments.

Methods of controlling the reaper ants have proved ineffective, says the National Geographic Society. Most chemicals fail to kill them. Dynamite and flooding are equally unsuccessful.

### Thrive In Heat

Harvesters, members of the ant subfamily Myrmecinae, inhabit arid, temperate lands. In the United States they are concentrated in the South and West. Parts of the Big Horn basin are infested with as many as 32 colonies an acre, with an estimated 10,000 ants per colony.

Like provident farmers, harvesters forage for fallen ripe grass seed. Each grain is carried back to the nest where the ant strips the husk. Chaff and pod are dumped outside the nest. The kernel is stored in chambers carved from the earth, beneath the surface of a dome-shaped hill.

After a heavy rain, the tireless ants transport their grain supply, seed by seed, from the storehouses to the open air. When the sun has dried it, the reserve is carried back and restored. Seeds that have mildewed or sprouted inside the nest are discarded.

### Organized Operations

Harvesters, or agricultural ants as they are often called, keep a circular clearing seven to twelve feet in diameter around each nest. From the clearing, three or four, sometimes as many as seven paths lead into the grass where workers hunt seeds. Harvesters search individually, at a distance of three times the radius of the cleared area.

In the Big Horn region, harvester hills are capped by mounds of sand and dirt excavated from the subterranean nest. Mounds measure more than a foot high and up to three feet in diameter. Nests extend from six to ten feet into the ground.

The ants vary in size. Some of

### Household Shower

GARDEN—Mrs. William Milligan, the former Aldia Maynard, was the guest of honor at a household shower given Tuesday evening, Oct. 13, at the Garden Community Hall.

Cards were played as the evening's entertainment with honors held by Mrs. Ivan Rochefort, Mrs. Frank Morin and Mrs. Herbert Plante. The guest award was given to Mrs. Henry Gouin. Mrs. Harvey Humbert, who has been married 50 years and Mrs. Bud Tallman, received awards for being the oldest and youngest brides respectively. Following the lunch, Mrs. Milligan opened her gifts.

Hostesses for the shower were Mrs. Alfred LaVallee, Mrs. Walter Stellwagen, Mrs. James Tatrow, Mrs. Ray Harris and Mrs. Roland Boudreau.

Out-of-town guests attending were Mrs. William Eck, Mrs. Jack Archambeau, Mrs. Willard Gentz, Mrs. Leon Duquette, Mrs. Don Ohalich, Mrs. Norman Oliver, Mrs. Alphonse LaVigne, Mrs. Ray Ranguette and Mrs. Jules Rivard of Manistique and Mrs. Joe LaVigne, Mrs. Henry Gouin and Mrs. Kenneth LaVigne of Nahma.

### Joint Meeting

The Boy Scout and Girl Scout troops of Garden and their leaders held a joint meeting at the Catherine Bonifas School Wednesday evening, Oct. 14, to formulate final plans for the Merit Badge Show to be held Oct. 27.

After the business meeting, games were played and lunch was served by the Girl Scouts.

### Briefs

Master Brick of the Michigan State Grange called at the home of Rufus Spaulding, master of the Kates Bay Grange, Wednesday afternoon for the purpose of reorganizing and increasing the membership in the local grange.

Mr. and Mrs. Rufus Spaulding visited their daughter, Mrs. Bush and infant son, at the Manistique hospital Thursday. The child is the third in the Bush family.

Mr. and Mrs. Walter Bassett have returned to Garden after a trip to Duluth.

Miss Mary Grace Boudreau of

the larger ones, equipped with abnormally large heads, act as millers for the colony. They open the flinty seeds in their strong jaws. Harvesters will eagerly devour insects but normally eat only seeds.

Indianapolis, Ind., is spending several weeks at the home of her sister and brother-in-law, Mr. and Mrs. Earl Rost.

Miss Helen Berg of Detroit is spending several weeks at the home of her parents, Mr. and Mrs. Albin Berg.

Miss Nadine Lester of Detroit is visiting with her mother, Mrs. Nora Lester, for several weeks.

Miss Nancy Guertin of Detroit is visiting at the home of her parents.

The Altar Society of St. John's Church is planning a square dance party to be held at the Garden Community Building Friday, Oct. 23.

School board president, Richard Hermes, and Superintendent Victor Borga attended the Delta County School Board Members Association meeting held at Kipping Friday evening.

The Garden P.T.A. will hold a meeting at the Catherine Bonifas A film entitled, "Youth in Crisis", School Tuesday, Oct. 20, at 8 p. m. will be shown following the business meeting. Games and refreshments will follow.

## Skunk Leaves House With No Bad Effects

LAPEER (P) — Mrs. Vern Patton, a Lapeer housewife, was doing the family wash Saturday.

She finished the first load in her automatic washer. She drained out the water. The water collected on the floor, refusing to go down the drain.

Mrs. Patton raised the drain to investigate. A bedraggled skunk popped out of the drain. Mrs.

## Smokey Says:

Nature is indeed bountiful—let's keep it that way!

Patton popped out of the house for help.

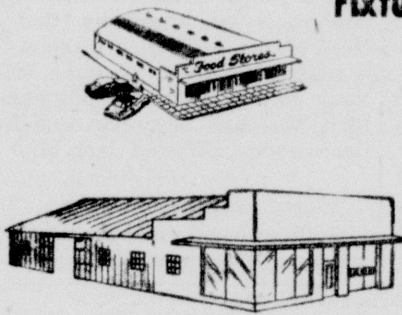

Sheriff Clark Gregory came to the distraught woman's aid. He advised Mrs. Patton to forget about the washing and leave the rear door of her house open. He was certain the skunk would leave.

When Mrs. Patton summoned courage to investigate later, she found the skunk gone and no noticeable moment of its visit.

## Study Sale Of Shore Property

The Escanaba Planning Commission will meet at 7:30 p. m. Thursday in City Hall to consider a recommendation in connection with the suggested sale of city-owned shore property on Lake Shore Drive opposite the athletic field, and other business.

City officials have been requested to sell the city's bay shore property on Lake Shore Drive for residential development. The area is reserved on the city master plan for future park development.

Other business scheduled to come before the Planning Commission, according to Robert Flayton, planning director, is the following:

Recommendation in connection with a requested rezoning of the Hob Nob, Family Bakery and Biff's Market from Class B residential to local business.

Consideration of a request to have the city vacate a half block alley running east from 15th St. S. between 10th and 11th Avenues.

Recommendation on the location of buildings in Ludington Park, including a park maintenance building and community arts or bandshell.

Recommendation for the adoption of a precise plat for the acreage area south of 18th Ave. S. in the vicinity of the Escanaba athletic field.

Review of a proposed revision of the zoning ordinance in the light of a housing survey made in the city last winter to determine conformity and nonconformity with the ordinance. Further study is recommended by the planning director before the Planning Commission takes action.

## Pope Urges Nations To Outlaw ABC War

VATICAN CITY (AP)—Pope Pius XII has urged that nations consider outlawing "ABC war"—war of atomic bombs, biology and chemistry.

The Pope put his plea in the form of a speech Monday to some 400 delegates from more than a score of nations to an international Congress of Army Medicine.

"It is not possible," the Pope asked them, "to proscriber and effectively eliminate ABC war by international accords?"

## The King's The President, The Queen's A General

Father and son start battle of wits at chess table . . .

. . . with modern war figures, like generals, soldiers, chaplains, and others replacing medieval men.

Familiar, centuries - old chess figures take a back seat when John Lucas, Kansas City, Kan., contractor and his 8-year-old son Richard sit down to play. To increase his son's interest in the game, Lucas developed modern figures, more familiar to a boy of today than the conventional kings, queens, knights and bishops. The new chessmen include generals, soldiers, chaplains and others. The chessman king becomes the "President," the queen is a tank, the bishop a chaplain and the pawns are soldiers. Pictures show "modern" chess game and a close-up of chessmen.

## Shift Of Trieste Troops Slowed

By JOHN SCALI

WASHINGTON (AP)—The United States and Britain reportedly have decided to slow down evacuation of their troops from disputed Trieste while they try to resolve Italy's and Yugoslavia's bitter quarrel over the area.

Secretary of State Dulles spent an hour with President Eisenhower this morning, presumably giving him a report on the London conference of the Big Three foreign ministers, concerning Trieste and other matters. Dulles had no comment as he left the White House.

Dulles was also reported set to give the President first-hand accounts of proposed Western moves to deal with touchy situations in three other areas—Korea, Germany-Austria and the Israeli border.

Diplomatic officials familiar with the Trieste maneuvering said Eisenhower and Dulles both believed it would be best to move slowly in evacuating some 7,000 American and British troops now garrisoning Zone A.

## Wall Street

NEW YORK (AP)—The stock market was higher today despite some soft spots in the list.

Both gains and losses were fractional with grains predominating. Volume hit a pace right around Monday's 1,190,000 shares.

The aircrafts, motors, coppers, and railroads were higher. The steels were lower. Other areas were steady to mixed.

The market was active and higher from the start with all sections unchanged to higher. Steels gave ground after it was announced that Great Lakes Steel Corp., a subsidiary of National Steel, had cut prices on steels used by auto makers. The question in the industry seemed to be whether the move represented a price cut or whether the company was bringing its prices in line with competitors.

Among higher stocks were General Motors, Boeing, National Distillers, American Telephone, Anaconda Copper, General Electric and Westinghouse Electric.

Lower were U.S. Steel, Bethlehem Steel, Du Pont and Baltimore & Ohio.

Corporate bonds were mixed.

U. S. government securities in the over the counter market were irregular.

## Mexican Fiesta Plane Crashes; Many Are Dead

(Continued From Page One)

lack of any word. Mexican authorities reported they had no knowledge of his whereabouts. The plane was one of more than a score assigned to take newsmen, officials and entertainers to the dam ceremonies, highlighted by the meeting of President Dwight D. Eisenhower and Mexican President Adolfo Ruiz Cortines.

### No Sign of Life

It smashed into the side of the canyon, only about 15 miles from Monterrey Airport. Search planes reported sighting no sign of life around the wreckage.

The official estimate of the number of persons aboard was made by Col. Radames Gaxiola, assistant chief of President Ruiz Cortines' military staff. Among them, he said, were several of Mexico's top newsmen.

The confusion over the number of persons aboard rose from the failure of the approximately 250 airlift passengers, who had arrived here earlier on a special train from Mexico City, to take seats assigned to them in the planes.

Ignoring the official plan, many groups of friends had climbed aboard the same plane, taking all the seats and forcing others assigned to the craft to board another. Some planes went off fully loaded, others only half full.

## Chicago Prices

## Site Discarded For Prison Camp

LANSING (AP)—The State Administrative Board today voted to advise the State Corrections Commission to abandon plans to build a conservation corrections camp in Grand Traverse County.

The commission was scheduled to discuss the matter at its meeting Tuesday at Southern Michigan Prison. The action of the administrative board, which must release the money for building the camp, however, practically took the decision out of the commission's hands.

Administrative board members have been deluged with protests against placing the camp some five miles from the National Music Camp at Interlochen.

Gov. Williams told board members that the camp was originally requested by the Grand Traverse Board of Supervisors and Traverse City officials but that work had been suspended on construction of the camp last week.

"We've already spent \$1,000 on the construction," Aud. Gen. John B. Martin said. "I think we had better write that off to profit and loss and move the camp somewhere else."

## Gen. Dean Given Hero's Welcome

WASHINGTON (AP)—The Army prepared a hero's welcome today for Maj. Gen. William F. Dean, the top American soldier captured by the Communists in Korea.

Honors due ranking heroes and visiting foreign chiefs—greetings by Gen. Matthew B. Ridgway, Army chief of staff, music by the Army band, a salute fired by a field gun battery—were arranged for Dean's arrival at National Airport.

Dean, who commanded the 24th Division in its heroic resistance to the Red onslaught in Korea in July 1950, spent three years in enemy captivity. Winner of the nation's highest military award, the Medal of Honor, he returned to the United States more than a month ago. He has been resting on the West Coast.

A call on President Eisenhower at the White House has been arranged tentatively for Wednesday morning.

The Army has not given any hint about his future. Dean, 53, and with 30 years' active service, is reported to be in good physical condition.

## Briefly Told

John Westcott Jr.—The condition of John Westcott Jr., three-year-old son of Mr. and Mrs. John Westcott of Wells, who suffered a brain injury after he ran into the path of a car Sunday, was described by his doctor today as "about the same" as yesterday. The report yesterday said the boy's condition was "not good." He is in St. Francis Hospital.

## Back In Manistique

ANN ARBOR (AP)—University of Michigan regent J. Joseph Herbert returned to his home in Manistique Monday after a three weeks checkup at University Hospital. He entered the hospital following a heart attack.

## Helgemo Is Still Missing; Continue Search At Docks

Authorities here have as yet received no word that the body of Emil Helgemo, 68, iron ore handler, has been found in any of three ore carriers which have unloaded at Lower Lakes ports.

Last vessel to unload her cargo of ore was the Str. LeMoine at Hamilton, Ont., Canada, and Canada Steamship Lines reported that Helgemo's body was not discovered in the ship's hold.

There is the possibility that Helgemo's body may be found in one of the 32 pockets at the C&NW docks here which have not been emptied since the ore dock worker disappeared early last Wednesday morning.

The Str. Joliet will take on an ore cargo here starting at 9 p. m. today, after unloading a cargo of coal at the Escanaba Coal Dock. As the dock pockets are emptied there will be careful watch in the search for Helgemo's body, dock agents said.

## Rapid River

High School Smear League  
The Rapid River High School Senior Smear League will begin play Wednesday at 8 p. m. in the gym. To date six teams have entered the league, but more are wanted. Anyone interested is asked to report to the gym Wednesday at 8. Senior advisor is Ralph Nelson, conservation and shop instructor.

## Admits Shooting Wife

CHARLOTTE (AP)—Emil Marshall, 72, was sentenced Monday to 2 to 5 years in Southern Michigan Prison, after admitting that he fired a shot through a window that wounded his wife two days before their golden wedding anniversary. Mrs. Marshall has recovered from the wounds suffered last May 17.

World philatelists spend \$10,000,000 annually in pursuing their stamp collecting hobby.

## O-Jib-Wa Bitters Proved There IS Help For ARTHRITIS

If you suffer from rheumatism or arthritis and haven't found relief—you haven't tried O-JIB-WA BITTERS. Mrs. Rose Gularek, 4392 Lonyo, Detroit, will tell you that O-JIB-WA really does help these conditions.

"If you spent a month and a half propped up in bed as I did, then you would know how grateful I am to O-JIB-WA BITTERS for putting me back on my feet. Off and on for the last seven years, I suffered horribly from arthritis and rheumatism in my right shoulder, arms, hands and knees. The pain seemed to go right to the bone and I couldn't bend my knee or stoop over. Although I tried about everything including salves, rubbing oils and shots, nothing helped me. O-JIB-WA BITTERS was recommended to me by a friend whose husband was greatly helped by your medicine. I took it faithfully and in about two weeks was improved and in a little over a month was completely well. My ankles and knees no longer hurt and I am 100% better. I feel like a real young person again and can bend and reach and do my work like nothing. My husband is also a satisfied user, so it's no wonder that I recommend O-JIB-WA BITTERS to everyone I meet who is suffering from rheumatism or arthritis. O-JIB-WA BITTERS proved to me that there is help for arthritis. If you suffer, why don't you try it?"

Available at WAHL, PEOPLES, CITY, IVORY, RISDE, DRUG STORES in ESCANABA, PUTNAM DRUG, SIDDALL DRUG in MANISTIQUE, IVORY DRUG, DEHLIN DRUG in GLADSTONE.

## NOTICE OF WATER SHUT-OFF

ATTENTION—Water customers serviced by the main located on Sheridan Road between 8th and 12th Avenues North.

It will be necessary to shut off the main cited above for the purpose of hydrant repair. The main will be shut off at 8:00 A. M. on Wednesday, October 21st, and it is estimated that the repair will be completed by 12:00 noon. We regret this inconvenience and trust that you will make suitable temporary arrangements.

## Delta League Master Point Game Saturday

The Delta Bridge League will hold a special monthly master point game Saturday, Oct. 24, at the Elks Club. Registration will begin at 8 p. m.

Four newcomers were guests of the League at its regular session last weekend. Details of plans for the 18th annual Upper Peninsula Open Pair Tournament were completed.

Upper bracket scores for the last session were:

1—Mr. and Mrs. J. W. Ferguson, 107½ M.P.

2—Mrs. Anna Earle-Mrs. Wilbert Erickson, 89½.

3—Mrs. E. A. Christie-Mrs. Rose Louis, 87½.

4—Mrs. C. E. Johnson-B. M. Howe, 86½.

5—Mrs. B. M. Howe-J. L. Temby, 82½.

6-7 (tie)—Mrs. W. P. Belanger-Mrs. E. L. Murphy, 80½.

6-7 (tie)—Mrs. Fred Hoyler-Mrs. C. W. Murdock, 80½.

8—Mrs. R. J. Moras-Mrs. E. Desilets, 75.

9—Clare Hoehn-G. E. Dehlin, 72.

## Social-Club

### Harvest Supper Wednesday

A harvest supper will be served in the First Methodist church parlors Wednesday, Oct. 21. Serving will be from 5 to 7 p. m.

### Town and Country Club

The Town and Country Club, home extension group of Ford River, will meet at the home of Mrs. Ray Anderson, Willow Creek Road, tonight at 8. The lesson will be on Christmas gifts.

### Circle 5 Meeting

Circle 5 of the First Presbyterian Church will meet Wednesday, Oct. 21, at 8 p. m. at the home of Miss Esther Westerlund, 431 C. 12th St. Co-hostesses are Mrs. James S. Davidson and Mrs. Clyde B. Fitzpatrick. Miss Lillian Peterson will speak on her tour of Europe.

### 2-H Club Meeting

The 2-H Home Extension Club will meet Thursday at 8 p. m. at the home of Mrs. Algot Gustafson, 1409 7th Ave. S. The lesson will be on making Christmas gifts. Members are asked to have their own scissors. Leaders will be Mrs. Gunnar Beck and Mrs. Gustafson.

### Circle 4 Meets

Circle 4 of the First Presbyterian Church will meet Wednesday, Oct. 21, at 8:15 p. m. at the home of Mrs. Glen Leonard, 211 Ogden Ave. Mrs. Harold Brushe and Mrs. Ray Dufour will be assisting hostesses. Devotions will be led by Mrs. Ronald Bennette. Mrs. Lawrence Erickson is in charge of the program.

### Birthday Party

Donna Mae Brown, daughter of Mr. and Mrs. Francis Brown, Lake Shore Drive, celebrated her 9th birthday anniversary Saturday with a theatre party followed by a birthday lunch at her home. She was presented with many pretty gifts.

Guests were Tommy Carmody, Darlene Dufour, Sally Thelma, Judy Lark, Judy Rusha, Karen Olson, Nancy Pilon, Patsy Giroux, Betty Gallagher, Bonnie Nichols, Barbara Herro, Betty Rogers, Carol Paulin, Susan Dubord and Donna Mae's sister, Linda Marie.

Mrs. Thomas Carmody, Donna Mae's aunt, assisted Mrs. Brown.

## Births

Mr. and Mrs. Raymond Oseen of Augusta, Ga., welcomed their first child Oct. 16, a daughter, Nancy Lynn, who weighed 6 pounds and 12 ounces at birth. Mrs.

## Nutritious Apples Go Well At Festive Halloween Party

RED DELICIOUS APPLES and cheese make a festive fall board, provide nourishment and good eating. Apples make good snacks.

What would a Halloween party be without ducking for apples? Well right now, in time for the witches, Washington State has a large crop of Jonathans and Red Delicious apples ready—the Jonathans for making caramel apples for Halloween and the Delicious for nibbling while watching your friends duck.

More and more, men and women

who are avoiding excess weight, are cutting down on rich desserts in favor of apples and other fresh fruit, cheese and crackers.

As a snack, apples provide vitamins and minerals and very few calories — another boon to waistline watchers. Bartlett pears from Washington State are good eating, too. Try them spiced.

### Spicy Pears

(Yield: 6 pints)

Five pounds ripe Bartlett pears (about 15 pears), 3 cups water, 2 cups sugar, 1 teaspoon ground ginger, 1 teaspoon ground nutmeg, 1/4 teaspoon whole cloves, 3 2-inch sticks cinnamon, 1/4 cup white vinegar.

Heat sugar and water to boiling. Add spices and vinegar and cook for 5 minutes. Remove cloves and cinnamon sticks. Peel, halve and core pears. Pack in pint jars and cover with hot spicy syrup. Remove air bubbles from jars, wipe rims clean and seal.

Process in boiling - water bath for 20 minutes. Keep level of water at least one inch above tops of jars. Remove from canner and cool. Keep well separated and away from drafts. Store in cool, dry place.

### Tomorrow's Dinner:

Braised short ribs of beef, brown gravy, whipped potatoes, quick-cooked cabbage, dark bread, butter or margarine, raw carrot sticks, apples and pears with assorted cheese and crackers, coffee, milk.

## Kevill J. Murphys Welcome First Child

Mr. and Mrs. Kevill J. Murphy of 1227 N. Milwaukee St., Milwaukee, announce the birth of their first child, a daughter, Sandra Ann, who arrived Monday, Oct. 19, at 10:30 a. m. at St. Mary's Hospital in Milwaukee. The baby weighed 5 pounds and 13 ounces at birth. Sandra Ann is the first grandchild of Mr. and Mrs. J. Kevill Murphy of 320 S. 14th St., Escanaba. Her mother is the former Isabella Ingledew of Peterborough, England.

## Sunnyside PTA Meets Wednesday

The Sunnyside Parent Teacher Association of Bark River will meet Wednesday, Oct. 21, at 8 p. m. at the school. Members are reminded to collect five recipes from friends for the cook book project. Mrs. Donald Van Enkevort is in charge of the program.

## Today's Recipes

By Cecily Brownstone

### Citrus-Roquefort Salad

Ingredients: 1 small onion, 1 small green pepper, 1 grapefruit, 1 large orange, 1/4 cup firmly packed Roquefort cheese (at room temperature), 4 tablespoons olive oil, 1 tablespoon tarragon vinegar, salt, paprika, lettuce.

Method: Slice onion into thin rounds; separate into rings; place rings in cold water. Remove stem and seeds from pepper and slice into thin rings and put in cold water with onion. Peel grapefruit and orange so no white membrane remains; cut segments away from dividing membranes. Mash Roquefort in a small bowl with spoon; gradually blend in oil, then vinegar. Taste before adding salt. Stir in a dash of paprika. Arrange lettuce on salad plates; fill with grapefruit and orange sections; top with drained onion and green pepper rings. Beat dressing well with fork and drizzle over salads. Makes 4 servings.

Oseen is the former Janet Pearson of Wells.

## United Nations Topic Of League Meeting Monday

The Escanaba League of Women Voters, meeting last evening at Carnegie Public Library, discussed several phases of the United Nations.

Mrs. James R. Fitzharris, Miss Helen Masterson and Mrs. Donald Ickes presented the material in a panel.

Miss Nina Ley outlined some of the proposed changes in the Escanaba City Charter and urged members of the League to attend a hearing this evening in the Escanaba City Hall to discuss the proposed changes.

## Personals

Mr. and Mrs. Lawrence McGauley have returned to Sault Ste. Marie following a weekend visit with Mrs. McGauley's father, George McGauley, 421 S. 7th St. Now visiting at the McGauley home is another daughter, Miss Donna McGauley of Chicago.

Mr. and Mrs. James Mulvaney of Milwaukee are guests of Mr. and Mrs. Henry Zeegers at their home, 625 S. 16th St.

Howard Daley of Madison, Wis., has returned home following a weekend visit with friends here. Mr. Ed Turnquist, 1127 Washington Ave., left yesterday for a week's visit with relatives and friends in Chicago.

Mrs. John Pearson of Wells and Mrs. John Oseen of Escanaba left Sunday for Augusta, Ga., to visit Mr. and Mrs. Raymond Oseen and greet Nancy Lynn, first child of the Raymond Oseens, who was born Oct. 16. Mrs. Pearson and Mrs. Oseen are Nancy Lynn's grandmothers.

Miss Pearl Monson has returned to Chicago after spending a six week vacation with her mother, Mrs. Peter Monson, and three weeks at Ellison Bay and Sister Bay, Wis.

Mrs. Ellen White of Seattle, Wash., has left for Chicago following a month's visit here with her sister, Mrs. Peter Monson.

Mrs. Everett Cooper returned today to Chicago after visiting the past three days with her father, Eric Stoneclift, 1114 N. 18th St.

Mrs. William Flynn, 700 S. 10th St., today left for Chicago where she will spend several days with her son and daughter-in-law, Mr. and Mrs. Fahey Flynn.

Miss Agnes Burke, 1720 1st Ave. S., left today for Green Bay where she will spend several days with friends.

Mrs. Knute Sattlem, 1610 10th Ave. N., today left for Rhineland, Wis., where she will visit with her daughter, Mrs. Raymond Jahnke, and family the next 10 days.

Mrs. Louis Morin of Ford River left today for Chicago where she will attend the meeting of the Chicago and North Western Women's Club tomorrow.

Mrs. Ella Coogan returned today to Milwaukee after visiting for the past week with Mrs. W. J. McGraw, 626 S. 13th St.

Cpl. Lloyd Oberg of Redwood City, Calif., returned to his home today after visiting with Mr. and Mrs. Ben Young, 510 Montana Ave., Gladstone, a week.

Richard Marenger of Cornell left today for Milwaukee on a business trip.

Mr. and Mrs. Tom McCrory returned to Milwaukee Monday night after spending the weekend at the homes of their parents, Mr. and Mrs. Glen McCrory, 306 N. 16th St., and Mr. and Mrs. Frank Winchester, Wells.

## Church Workers Conference In Escanaba Thursday

Escanaba will be host Thursday, Oct. 22, to one of three Church Workers' Conferences being held in the Upper Peninsula during the week. This Protestant interdenominational conference, sponsored by the Michigan Council of Churches, United Church Women and Ministerial Associations will include the cities of the Southern area; Manistique, Gladstone, Iron Mountain, Menominee, Stephenson and surrounding communities.

Prominent church leaders, who will speak at the conference, are Dr. Cletis R. Brown, director of Evangelism for the East Central area of the American Baptist Home Mission Society; Rev. Fred L. Broad Jr., executive secretary of the Michigan Council of Churches; Mrs. Luther O. Gant, chairman of the ninth district and vice president of United Church Women of Michigan, and Rev. Harry J. Lord, director of Christian Education of the Michigan Council of Churches.

The conference will begin at noon with a luncheon for all ministers at the Delta Hotel. Rev. Broad will speak at the luncheon on "Cooperative Protestantism in Your Community." Registration will be held at Westminster Hall, Presbyterian Church, at 1:15 p. m. followed by worship, conducted by the Rev. James Bell, at 1:45.

Three group sessions will be held at 2 p. m., and three sessions will be held at 4 p. m. The 2 p. m. sessions are Women's Groups with Mrs. L. O. Gant, leader, and Mrs. Louis Amundsen, chairman; Ministers with Dr. Cletis Brown, leader, and Rev. Byron Hatch, chairman, and Church School Workers with Rev. Harry Lord, leader, and Mrs. Clarence Zerbel, chairman.

The 4 p. m. sessions are Laymen and Laywomen with Dr. Brown, leader, and Gene Hebert, chairman; Churchmanship with Rev. Broad, leader, and Charles Folio, chairman, and Church Music with Mrs. M. H. Garrard Jr., leader.

"The Urgency of the Emergency" will be the topic of Dr. Brown's speech at the dinner being held at 6 p. m. at the Central Methodist Church.

Three group sessions being held in the evening, 8 o'clock, are Women's Groups with Mrs. Gant, leader; Church Business Management with Mr. Broad, leader, and A. E. Hendrickson, chairman, and Youth Meeting, Mr. Lord, leader, and Barbara Trams, chairman. The youth meeting will be held at St. Stephen's Church.

Closing Worship

Rev. Meldon Crawford will conduct the closing worship of the conference, which will be under the chairmanship of Rev. Byron Hatch, pastor of the First Methodist Church.

The purpose of the conference is to provide an impetus for the fall program of the churches and a "refresher course" for their leadership, to encourage and expand the spirit of cooperative Protestantism in each community and to develop an appreciation of the common task in bringing the Gospel of Christ to all people.

One other Upper Peninsula conference has already been held. The Eastern area conference was held at Sault Ste. Marie Monday, Oct. 19, under the chairmanship of the Rev. David McClellan. The Northern area conference will be held tomorrow, Oct. 21, at Houghton under the chairmanship of the Rev. George Swenson.

Isabella

ISABELLA — Mr. and Mrs. Gordon Segerstrom and children, Christine, Carol, Rudy and Ronnie of Ontonagon spent the weekend at the home of Mrs. Segerstrom's parents, Mr. and Mrs. Algot Segerstrom.

Mr. and Mrs. Mike Hynes and Mr. and Mrs. Charles Flurey of Big Bay were weekend guests at the George Mayo and Raymond Nedau homes.

Mr. and Mrs. Francis LaVigne and family have moved their house trailer to their new home site on Country Road 113, at Isabella.

Sunday guests of Mr. and Mrs. Harvey Sundin were Mr. and Mrs. Edwin Sundin and Linda and Duane of Manistique.

Mrs. Evelyn Bradley has returned from a visit with her brother-in-law and sister, Mr. and Mrs. Herman Sundin, in Detroit.

Mr. and Mrs. Ralph Morrison and family spent Sunday in Munising at the Charles Mackie home.

Mrs. George Tuffnel and Mrs. Clinton Leonard of Manistique visited their mother, Mrs. Rose Nepper, Sunday.

Creamed smoked haddock makes a delicious Sunday night supper dish. To freshen the haddock, cover it with hot water and let it stand over low heat until it flakes easily.

Richard Marenger of Cornell left today for Milwaukee on a business trip.

Mr. and Mrs. Tom McCrory returned to Milwaukee Monday night after spending the weekend at the homes of their parents, Mr. and Mrs. Glen McCrory, 306 N. 16th St., and Mr. and Mrs. Frank Winchester, Wells.

## Installation Of E. R. A. Officers Held Last Night

Officers of the Equitable Reserve Association were installed at a meeting held last evening at Grenier's Hall. Installing officer was J. Allen Porterfield, field manager of the Supreme Office, Neenah, Wis.

Mr. Porterfield addressed the members following the installation ceremonies and his talk was followed by a general discussion.

Games were played during the social hour and a lunch was served.

The officers who took their places for the coming year are: Louis Larsen, president; Joseph Klinger, vice president; Mrs. John Schils, past president; Mrs. Lillian Embs, secretary; Mrs. A. Leonard Nelson, treasurer; Mrs. Charles Priester, warden; John Schils, inner guard; Robert Holt, outer guard; A. Leonard Nelson, trustee; and Miss Lillian Grenier, welfare chairman.

A Leonard Nelson was chairman of the social, assisted by Mrs. Nelson and Mrs. Schils.

## Women Of The Church Meeting Tomorrow

The Women of the Church will meet Wednesday, Oct. 21, at 8 p. m. in the Guild Hall of St. Stephen's Episcopal Church. Members are asked to take the small aprons with their money to the meeting. Mrs. Barnett Mills will report on the Provincial meeting held at Eau Claire, Wis., the week of Oct. 12. Refreshments will be served. All women of the parish are urged to attend.

## BLUE CROSS-BLUE SHIELD

protection brings modern medical science within the financial reach of everyone!

THE CHANCES ARE 1 IN 3

THAT YOUR FAMILY WILL FACE A HOSPITAL BILL WITHIN THE YEAR!

ARE YOU PROTECTED?

Your doctor in your friend in need in more ways than one.

You know him of course, as an expert on getting you well and keeping you that way. Less known, though perhaps not less important is the role he plays in helping you protect your family against the cost of illness or accident.

Fourteen years ago, together with hospital officials, business, men and labor leaders, Michigan doctors helped start the Blue Cross - Blue Shield non-profit organizations to bring modern medical science within the financial reach of everyone.

Since then, Blue Cross - Blue Shield have paid out over 300 million dollars in benefits. With over 3 million members, Blue Cross-Blue Shield is Michigan's most widely used health-care protection.

What BLUE CROSS Does!

Blue Cross Comprehensive Group Hospital Plan covers a wide range of hospital services, for up to 120 days, in any one of over 200 participating hospitals.

What BLUE SHIELD Does!

Blue Shield Medical-Surgical Plan pays generous amounts to your doctor for thousands of listed medical-surgical procedures, and for law hospital costs in non-surgical cases.

Protection Without Problems!

There's no red tape with Blue Cross - Blue Shield. Simply show your identification card to your doctor or hospital admitting clerk. Needed benefits are taken care of automatically!

How to Get BLUE CROSS-BLUE SHIELD:

Ask your employer. Check your Farm Bureau or Grange! Write or call your nearest Blue Cross - Blue Shield office.

### Drunk Driver Pays \$50 Fine

Pleading guilty to a charge of driving while under the influence of intoxicants upon arraignment yesterday before Justice of Peace A. T. Sohlberg, Donald Tyrvaime, 42, Kipling, pleaded guilty and paid a fine of \$50 and court costs of \$4.30.

He also admitted driving without an operator's permit and was assessed court costs for this offense.

Tyrvaime said that he had purchased the auto only the day before in explaining his lack of license to operate.

### City Briefs

Mr. and Mrs. Elmer Tiegs and sons Elmer, Jr., and Earl, Milwaukee, visited over the weekend at the home of Mr. and Mrs. David Page, brother-in-law and sister of Mrs. Tiegs.

Miss Pat Hanson, student nurse at Augustana hospital School of Nursing, spent the weekend at the home of her parents, Mr. and Mrs. Loyal Hanson. She had as her guest, Wm. Verd S.N., of Joliet, Ill., who is stationed at Great Lakes.

Mrs. John P. Mallongree who recently underwent major surgery at St. Mary's Hospital in Rochester, Minn., is convalescing at her home on Delta Ave.

### Band Boosters To Meet Tonight

A meeting of the Band Boosters Club will be held this evening at 7:45 in the music room at the Junior High School. Future plans of the organization will be discussed.

### They Even Brewed Their Own Coffee

OTTAWA, Kan. (P) — In his many years as a cafe operator, Bruce Allison has come across numerous "lunchers"—persons who carry their own lunch into an eating place and merely order a cup of coffee.

So he wasn't too surprised when two women sat down in a booth and unwrapped lunches.

But a short time later, Allison noticed steam coming from the booth.

He investigated.

The women calmly were brewing their own coffee with a canned heat percolator.

### 'They Began To Offer Excuses'

MARTFORD, Conn. (P)—Trinity College officials said a new freshman dormitory wasn't ready for the start of the new school year because:

The excavation crew unexpectedly ran into a big boulder.

Heavy rains held up the work.

Mason's helpers went on a five-week strike.

A 14-car freight train carrying furniture for the dormitory was derailed.

Window washers went on strike.

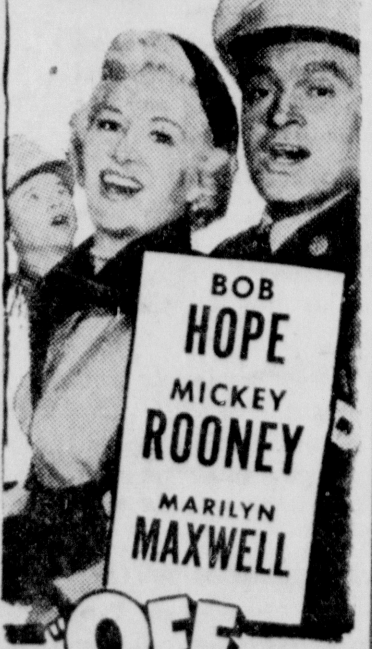

More people get more news from newspapers than from all other sources combined.

# GLADSTONE

HE SHOT ONE ARROW—Archer Leo Koivisto of Sault Ste. Marie, Mich., brought down this 640-pound black bear, possibly record sized, with a 70-pound pull bow at 35 yards while

hunting deer in Michigan's Northern Peninsula. The bear was mortally wounded with the single arrow—otherwise this story could have a different ending. (AP Wirephoto)

## Rotarians Hear About District Convention

Rotary Governor-elect Tom Beaton and two high school students, Jim Kliner and Quinn Rasmussen, who attended the Uthrotar meetings presented interesting reports on the Rotary district convention held recently at Neenah at Monday noon's weekly meeting of the Gladstone Rotary club.

Kliner described in detail the trip to and from the convention city made with Mr. and Mrs. Beaton.

Rasmussen told of the various speakers he heard and told briefly of what they spoke. Everyone they met was very friendly and hospitable, he said.

Governor-elect Beaton took fellow Rotarians behind the scenes and showed them the convention machinery and what makes a big meeting like that move surely and smoothly.

He said that as he saw it it was our job to see that we as a nation don't give away all our assets. He said communism was the nation's greatest threat and urged shedding our apathy and becoming alert to make this great country safe from that threat.

The Gladstone Rotarians and ladies have been invited to join Escanaba and Manistique in a joint meeting on Tuesday, Nov. 10 at Escanaba at which Bonny War-

## Home Ec Club To Meet Wednesday

The lesson of Sweet Rolls and Bread will be used when the Minnewasca Home Ec Club meets Wednesday evening at 7:30 at the home of Mrs. Nye Quistfort on Wisconsin avenue.

In 1900 only 4.5 per cent of the college-age population in Michigan attended college. By 1970, the figure is expected to be 32 per cent, the Michigan Council of State College Presidents predicts.

ren, Rotary Foundation student, will be a speaker. Miss Warren spent a year in Europe and her talk on her experiences at the Rotary convention was well received.

### Briefly Told

**Choir Practice**—The choir of the First Lutheran church will meet at 7:30 Wednesday evening for rehearsal.

**Choir Practice** — The choir of Memorial Methodist church will meet Wednesday evening at 7 at the church for practice.

**Guild Meeting**—A social meeting of the Guild of All Saints Catholic church is scheduled for tonight at 8 in the parish hall. Members may bring friends.

**Prayer Service** — The regular weekly prayer service will be held at 7:30 Wednesday evening at the Reorganized Latter Day Saints church.

**Rebekahs** — Mrs. Robert Edgesen, 1015 Minnesota Ave., will entertain the Rebekahs at a social meeting on Thursday evening at her home. The meeting will start at 7:45.

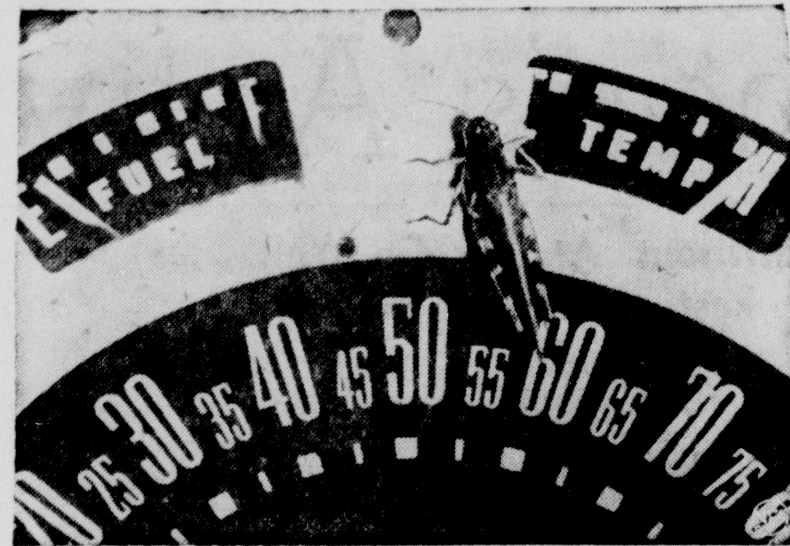

**B. of R. T. Meeting**—The B. of R. T. will hold a regular meeting tonight at 8 in the Eagles hall. All members are urged to attend as there will be nomination of officers.

**B. of L. F. & E. Auxiliary** — The Ladies Auxiliary to the B. of L. F. & E. will meet at 3:30 Wednesday afternoon at the Eagles hall. Members will go from there to Jack's in Rapid River for dinner. All members are urged to attend.

Enrollments in Michigan's colleges and universities will more than double during the next 17 years, according to the Michigan Council of State College Presidents.

**WHERE'D HE COME FROM?** — Many people would like to know how this grasshopper got inside the hermetically sealed speedometer panel of Earl Cole's 1953 Ford, but none has yet come up with an answer. Cole, who's put 53 miles on the new car, took it into a Parsons, Kan., garage and mechanics tell him they'll have to take the case apart to remove the insect.

### Reckless Driving Charge Is Denied

Gerald Hilling, 24, St. Nicholas, pleaded not guilty to a charge of reckless driving upon his arraignment before Justice of Peace A. T. Sohlberg yesterday.

In denying the charge he indicated that his driving had been model.

However, City Police Officer Jim Norick, the arresting officer has a version of Hilling's action behind the wheel of his auto that falls greatly to coincide with Hilling's.

Trial in the case has been set for Friday, Oct. 30.

Residents of New Caledonia use a dead squid tied to a pole to catch lobsters. The lobsters "freeze" in fright at the sight of the squid and are picked up by divers.

## The Hallmark of Circulation Value

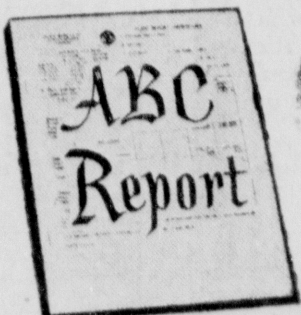

In the same way that STERLING on silver signifies a standard of known value, so is the A.B.C. emblem a symbol of integrity for the circulation of newspapers and periodicals. It means that circulation so identified is measured according to the rules and standards of the AUDIT BUREAU OF CIRCULATIONS

The A.B.C. is a cooperative and non-profit association of 3,450 publishers, advertisers and advertising agencies. Organized in 1914, these buyers and sellers of advertising brought order out of advertising chaos by setting up standards for paid circulation and establishing rules and methods for measuring, auditing and reporting circulations.

Therefore, the work of the A.B.C., of which this newspaper is proud to

be a member, provides you with a direct and valuable service. You can buy advertising as you would make any other sound business investment —on the basis of well known standards, known values.

At regular intervals one of the Bureau's large staff of experienced circulation auditors makes a thorough audit of our circulation records. The results of this exacting audit show: How much circulation we have; where our circulation goes; how it was obtained; and many other FACTS that you need in order to know just what you get for your advertising dollars. This audited information is published by the Bureau in easy-to-read A.B.C. reports which are available to our advertisers on request. Ask for a copy of our latest A.B.C. report.

# MANISTIQUE

## Library Obtains More Volumes

Manistique Public Library has obtained a number of new volumes which provide outstanding, divergent reading. Mrs. Nellie Raredon, librarian announces.

The new books are on display in Johnson's window on Cedar St.

The new selections include the following:

Shirley Jackson's *LIFE AMONG THE SAVAGES*, brings to life, with sophisticated humor, cynical understanding and a writer's objectivity, the joys and terrors of childhood as they are woven into the pattern of family life.

*TOO LATE THE PHALAROEPE* by Alan Paton is a portrayal of the desperate struggle within himself of a conscience-stricken man, a story told with almost unbearable suspense and bringing to life, in its unfolding, a whole family of unforgettable characters.

On the surface, *FATHER, DEAR FATHER* is about a European trip which Bemelmans took with his thirteen-year old daughter, Barbara, and her poodle, Little Bit. But he adventures into the hearts of people and places and brings them back alive in his notebooks and sketches.

*THE SILENT WORLD* by Captain J. Y. Cousteau with Frederic Dumas is a story of undersea discovery and adventure, by the first men to swim at record depths with the freedom of fish. It is illustrated with 20 photographs in full color and 83 black-and-white pictures.

Helen Worden Erskine's *OUT OF THIS WORLD* deals with a collection of hermits and recluses, their ways of life and the stories behind their retreats.

*THE HEART OF THE FAMILY* by Elizabeth Goudge is written with compassion, humor, deep understanding, truth and mysticism—a great novel of the Eliot family. *TELEVISION FUNDAMENTALS* by Kenneth Fowler and Harold Lippert is a simple presentation of the basic principles, theory circuits and servicing, the technician must know to install and service television receivers.

*TORNADO JONES* by Trella Lamson Dick is a lively and appealing story, high-lighted by the friendship between two boys. It is the winner of the 1953 Charles W. Follett award for worthy contributions to children's literature.

Joseph Gaer's *HOLIDAYS AROUND THE WORLD* is filled with the games, the pageants, the feast, gifts, greetings, symbols which the people of the nations use to commemorate their festival days.

*BEFORE I GO TO SLEEP* by Enid Blyton is a book for mothers and children to read together. It contains a story and a prayer for thirty days of the month, with special stories and prayers for special days.

## Two Youths Placed On Probation Here

Probate Judge John S. Paketty Monday placed two juvenile boys on probation for one year following their appearance before him on charges of unlawfully driving away an auto from a parking lot.

For the first three months of their probation the youths are not to be on the street, or in a car, unless accompanied by one or both parents, after the curfew hour, and are to report each Saturday.

In addition, the juvenile judge stipulated that the two will pay \$1 each Saturday to make restitution for damages to a theatre here in December, 1951. The boys were ordered to make restitution in juvenile court in 1951 but had not complied, Judge Paketty said.

The predecessor of Uncle Sam as the symbolical representative of the American was Brother Jonathan, dating from the Revolution. The term Uncle Sam is said to have originated during the War of 1812.

## Christmas Lesson Slated Thursday For Homemakers

Warm, sunny days put thoughts of Christmas far off, but Schoolcraft County Home demonstration leaders will be "wising up" on Christmas gifts made at home, Thursday.

The lessons include instructions on how to make children's terry cloth robes, head rests with detachable covers, aprons, high chair bibs, powder mitts, and other gift items.

Also included in the instruction will be suggestions on how to make plywood boards for indoor croquet and shuffleboard.

The meeting begins at 10 a. m., and will be held in Manistique township hall. About 15 leaders of home demonstration groups will be in attendance.

## City Briefs

Mr. and Mrs. Perry Millar and son, John, of Detroit, are visiting with Mrs. Millar's sister, Mrs. Aileen Nelson, Michigan Ave., and with her brother, John McNamara and family, Garden Ave. John recently returned from 15 months duty in Korea.

Mr. and Mrs. Clifford St. John and sons Darryl and Jerry, of Manitowoc, Wis., spent the weekend here with relatives.

Mr. and Mrs. Norman Jahn and family have moved from 170 N. Cedar St., to 519 Cherry St.

William Vallier and Lewis Rippey, of Detroit, spent the weekend here visiting relatives and friends.

Mrs. Fred Norton, 334 Chippewa Ave., left Monday for Windsor, Ont., to spend the winter with relatives.

Leon Linderth, of Ann Arbor, spent the weekend here with his parents, Mr. and Mrs. Walter Linderth, 145 N. Houghton Ave. Leon is a student at the University of Michigan.

Mrs. Arthur Allen, 521 Delta Ave., returned Sunday after spending a week visiting in Flint and Grayling.

Mrs. Robert McEwan, has returned to Flint, after spending the weekend here with relatives. She was accompanied by her mother, Mrs. Ida Johnson, who will spend several weeks there.

Mrs. Carl Walters, of Ohio, spent the weekend visiting with her sister, Mrs. Oscar Nelson, 620 Manistique Ave.

Mr. and Mrs. Elmer Johnson and family, of Munising, spent Sunday visiting with his mother, Mrs. William Johnson, 334 Schoolcraft Ave.

Mrs. Clara Hirm, of Iron Mountain, and Ed Hirm, of St. Petersburg, Fla., are visiting at the Elwyn Anderson home, River Road.

More people get more news from newspapers than from all other sources combined.

## Debate Practice Starts At MHS

Debate practice is now underway at Manistique High School and 10 students are participating. Coach Marvin Frederickson said today.

Two of the debaters are members of last year's championship squad, the coach said. They are Mary Ella Giovannini and Jon Schuster.

Others participating in the debate work are Katherine Hall, Loretta Charron, Robert Corson, Ken Dixner, Stephen Smith, Gail LaBrasseur, Ken Magnuson and Jim Harbin.

Debaters in schools this year are arguing whether the president of the United States should be elected by direct vote of the people.

Practice tournaments are scheduled at Norway Nov. 21 and at Kingsford Dec. 12. About 15 U. P. schools send squads into the tournaments.

Championship debates will be held at Marquette Jan. 15 and 16. For the past two years the MHS squads, under Frederickson, have won the Upper Michigan debate championships. Frederickson received his speech education at Western Michigan College of Education in Kalamazoo and recently received his master's degree in education administration from the University of Michigan.

Training Meeting For 4-H Leaders Is Slated Tonight

About 25 4-H club members in Schoolcraft County are to attend a training session conducted by Ben Westrate and Miss Dorothy Erler of Marquette, assistant state 4-H leaders, tonight.

A dutch-treat dinner will precede the annual meeting at the Surf.

A similar training session for Alger County 4-H leaders was held at Chatham Monday night.

**Manistique Reserves Topple Marquette**

Coach Rudie Brandstrom's reserves toppled Marquette's jayvees 45 to 0 in a clash under the lights here Saturday night.

The victory gave the upstarts a .500 record for the season.

**Train Smashes Car—Driver Hits For Hay**

STEVENS POINT, Wis. (AP)—Stanley Rutta doesn't get excited. A Soo Line freight train smashed into his car. The trainmen frantically hunted through the wreckage, but couldn't find the victim's body.

Police identified the car and woke Rutta at his home. He explained that his car stalled on the tracks, and he couldn't flag down the train with matches. He said he just watched the crash, then hitched-hiked a ride home and went to bed.

## Cool's Girl Has 665-Bushel Yield In Potato Contest

Eighteen Schoolcraft County 4-H club members have potato yields which qualify them for entrance in the Upper Peninsula Potato Show at Ironwood Nov. 3, 4 and 5. Clayton D. Reid, county agricultural agent, reports.

Highest yield for a 4-H club member in the county was that of Avis McGahan of Cooks, who grew 665 bushels per acre. She is a sister of Eunice McGahan, who last year won the Class A 4-H potato grower contest in Crystal Falls.

Three other yields greater than 500 bushels per acre also were recorded this year. Joe Hardy Jr., of Cooks had 536 bushels per acre, his sister, Ann, had 568 bushels per acre, and his brother, Jim had 576 bushels per acre.

Other Schoolcraft 4-H potato growers whose yields qualify for the U. P. show were John Haindl, Terry and Allen Desjardens, Jimmy Wilson, Margaret Haindl, William, Dale and Richard McGahan and Larry and Ervan Fox of Cooks; and Beth Henriksen and Robert, James and Herbert Weinert of Hiawatha township.

Last year Schoolcraft County had only seven 4-H members entering stock in the potato show.

The award this year for the champion 4-H potato grower will be an all-expense paid trip to the National Junior Vegetable Growers association convention in Iowa.

**Students Hear College Dean**

Dean Don Bottom of Northern Michigan College of Education in Marquette addressed Manistique High School students, on going to college, at an assembly at 9 a. m., today.

The professor was introduced by Kenneth Magnuson, president of the Hi-Y Club, following a vocal solo by Helen Charron.

Closing remarks were made by Jill Harbin.

**Obituary**

**MRS. ANNA STEINKAMP**

Funeral services for Mrs. Anna Pauline Steinkamp, 118 S. Houghton Ave., who passed away Friday, were held at 2:30 p. m. Monday from the Messier-Broulliere Funeral Home with the Rev. G. A. Herbert, pastor of the Zion Lutheran Church, officiating.

During the services Mrs. Julius Settergren sang "Behold the Host Arrayed in White" and "In the Garden." She was accompanied at the organ by Mrs. Scott Creighton.

Pallbearers were Harry Anderson, Arthur Anderson, Carl Wedell, Clinton Leonard, Helmer Norbotten and Frank Morey.

Burial took place in Fairview Cemetery.

## VFW Call Issued For Performers

An immediate call for 11 men and 30 women to participate in a variety show here Oct. 29-30 was issued today by the Manistique VFW post.

The amateur show will be produced here under auspices of the Veterans of Foreign Wars in co-operation with the Empire Producing Company of Kansas City, Mo.

Any person interested in participating in the amateur production is requested to call Archie Carpenter, commander, or Ivor Willcock, general chairman.

Miss Betty Love, director for the show, is scheduled to arrive here tonight.

**Officers Will Be Elected Wednesday By Softball Group**

Annual election of officers of the executive board for the Manistique Softball association will take place at a meeting Wednesday night in city hall.

A slate of officers has been prepared by a nominating committee and other nominations may be made during the meeting. The executive board consists of non-players.

Copies of the constitution will be distributed to members, all of whom have been urged to be present.

The meeting, which begins at 7:30 p. m., is the last this year.

**Driver Ticketed After Accident**

George McNamara, 309 Lake St., Manistique was ticketed by city police Monday morning for failure to have his car under control, after he hit a parked car at the intersection of Maple and E. Elk St.

McNamara, police report, was making a left turn from Maple to E. Elk and damaged the left rear fender of a parked car owned by Theodore Iwan of Evansville, Ind.

The right fender of the McNamara car was slightly damaged.

## In This Corner

With Ray Crandall

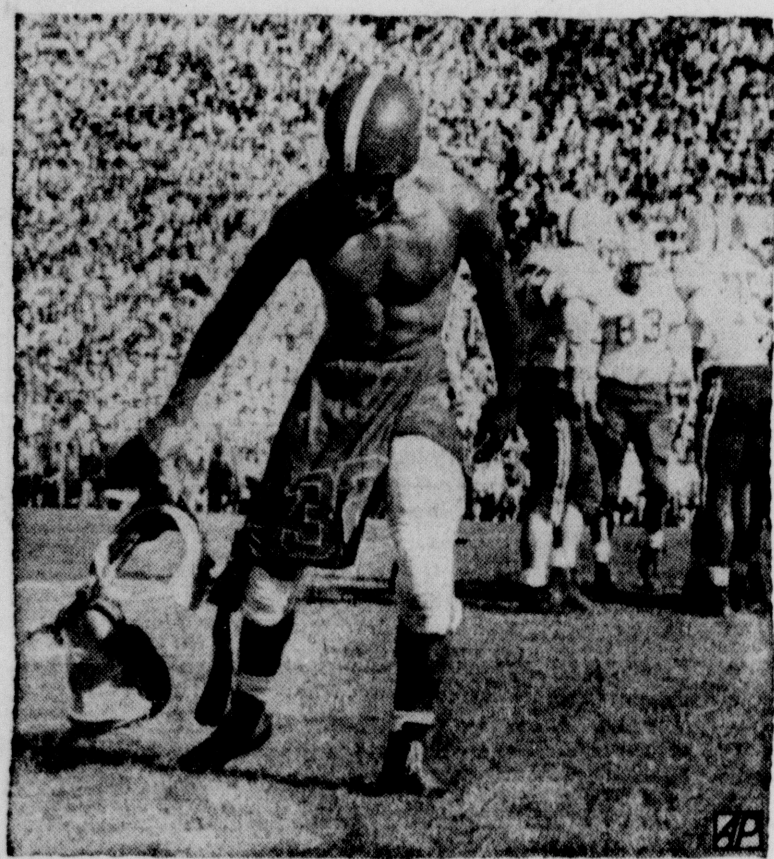

The Stambaugh-St. Joe football series will likely be continued for two more seasons . . . After indicating that they would like to drop the game in favor of an opponent from elsewhere in the U.P., Stambaugh school officials have changed their minds and will renew the series on a two year basis.

For the benefit of a reader who recently called to complain that we are wrong in referring to St. Joe in the future tense (because it might be Catholic Central soon) we might say that arrangements mentioned above are being made with St. Joe officials . . . When Catholic Central athletics becomes a reality we'll certainly refer to the school by its proper name.

Although playing under handicap because of a back injury suffered in practice last week, Pete Kutchers was a star for Wyoming in the losing effort (21-7) against Iowa Saturday afternoon . . . The former St. Joe star carried two kickoffs for a total of 48 yards and ran a pass interception 30 yards . . . The interception started Wyoming on the march for its only TD of the game . . . Pete played about half the game on offense and defense.

Tom Dufour of Escanaba probably rates the tab of the most patriotic football fan in the land . . . While standing at attention during the playing of the national anthem before the Iowa-Wyoming game, Dufour became aware of the acrid odor of burning cloth . . . It didn't take him long to learn that the cigarette he was holding in his hand was burning a hole in his trousers . . . Gritting his teeth, with sweat streaming from his brow, Tom held out until the last strains of the Star Spangled Banner echoed out of the stadium before he beat out the smoking embers . . . "I became suspicious when the fire department pulled into the stadium," Dufour commented.

Two former Upper Peninsula athletes played different roles in Big Ten grid games this weekend . . . Bob Gingrass of Iron Mountain was a vital cog in the University of Wisconsin machine that rolled to a 28-19 victory over Purdue . . . But Mel Holme of Stambaugh was the goat as his Minnesota Gophers lost to Illinois, 27-7, at Champaign . . . With Minnesota leading 7-0, Holme spoiled a long drive to the Illinois goal line by fumbling on the one . . . The Illini came back to score before halftime and took the intermission with a slim 7-6 deficit, then roared back in the second half to post a convincing win over the demoralized Minnesota team.

**BOLDEN LOSES HIS SHIRT**—Star halfback Leroy Bolden of Michigan State holds his shoulder pads as his shirt hangs in front of him after he was tackled by Indiana players in first period (Oct. 17) at East Lansing, Mich. Michigan State won, 47-18. In background are Indiana players. (AP Wirephoto)

## Committee To Clarify Rule On Eligibility

LANSING (AP)—A citizens committee recommended today that the state re-establish the high school athletic "awards" rule which was suspended by a legislative rules committee.

The citizens committee was called together by Dr. Clair L. Taylor, state superintendent of public instruction, to review control of high school athletics and rewrite the suspended rule.

The rule was suspended by the legislative group after Taylor refused to reinstate 10 prep school athletes who accepted merchandise awards in violation of the rule.

### LeMire On Committee

The committee voted today to stand behind the suspended rule as the best expression but named a subcommittee to clarify the rule.

The subcommittee is composed of Eugene Thomas, principal of Kalamazoo Central High School; Mayor Robert E. LeMire of Escanaba, uncle of one of the 10 athletes penalized; the Rev. Fr. Jerome V. MacEachin, superintendent of schools for the Lansing diocese of the Roman Catholic Church; and Wendell Foltz, of Battle Creek, president of the Michigan Associated Press Sports Writers Association.

The suspended rule forbids high school athletes to accept awards, other than trophies valued at not more than three dollars.

LeMire proposed a rule limiting athletes to a three dollar award for any sporting event.

### Couldn't Be Enforced

The committee contended this would be unenforceable because the present rule only applies to sports which are conducted by high schools. They said his proposal would include such things as bowling, sail boat racing, truck driving rodeos and many other events which the schools could not police.

By inference, the committee rebuked legislators for suspending the awards rule.

The committee, called to write a new rule and review control of High school athletics, Monday recommended that supervision and responsibility for high school athletics remain with the state superintendent of public instruction "as a function of education."

It also voted to retain the present unofficial "cooperative" arrangement under which, for 30 years, the Michigan High School Athletic Association has acted as the policing arm for the state school head.

### Ask Judicial Review

Hastings attorney George C. Dean filed a petition in circuit courts of Barry and Eaton counties Monday asking for a judicial review of the eligibility rule. Dean filed the petition on behalf of six Hastings high school athletes involved in the dispute.

The committee said the MHSAA should not become a state agency and that the title of assistant superintendent of public instruction, awarded several years ago to State High School Athletic Director Charles E. Forsythe, be withdrawn. This, the committee declared, would emphasize the association's non-governmental role.

Billy Wickens of Midland, state commander of the American Legion, a member of the committee, declared that the group was emphasizing its endorsement of state control of athletics because the legislative rules committee which suspended the awards rule "has given the state superintendent of public instruction the responsibility but now has taken away his authority."

"He should not be subject to legislative challenge," Wickens said.

### Reluctant To Act

Charles A. Semler of Benton Harbor, president of the state and

national high school athletic associations, said, "We would be very reluctant to declare any boy ineligible now after what the legislative committee has done."

I suppose if the legislature gets enough pressure it can suspend the semester rule permitting athletic play for only eight semesters."

David C. Pence of Pontiac, former president of the State Bar, said, "Soon you'll have legislative committees deciding football championships."

The committee, named by Dr. Clair L. Taylor, state superintendent, recommended that the state high school athletic director be

taken off the athletic association's top council. It declared Forsythe, as the council's executive officer, should not have a voice in fixing policies he must administer.

Forsythe said he had never voted on council decisions anyway and welcomed the clarification of his duties.

The committee was named to write a new awards rule after the legislative committee suspended the old rule. The legislators acted after Dr. Taylor refused to reinstate 10 high school youths penalized for accepting merchandise awards in summer sports events.

## Manistique Game Is Changed To Friday

The Manistique Emeralds will defend their first place stand in the Great Lakes Conference at Ishpeming Friday night instead of Saturday afternoon, William Cook, athletic director for Manistique High School, announced today.

The game schedule was changed Monday morning at the request of the Ishpeming principal, who reported the school was unable to obtain officials for Saturday.

Kickoff for the last stand of the Emeralds this season is at 8 p.m. (EST).

Coach Dick Bonifas' men to date have lost only one game, to Newberry early in the season. Opponents have been able to score only 25 points in clashes with the Emeralds.

## Yacht Trophies To Be Awarded

Highlight of the Escanaba Yacht Club's season sailing activities will be on Sunday evening when a trophy supper is held and cups are awarded to racing winners.

Cups to be presented are on display at the Chamber of Commerce office. They are the Gust Asp trophy and the John Bissell Trophy.

John Hebert, sailing the Biljon, won the Asp Trophy which is awarded on the basis of a series of elimination races. Past winners of the cup were Dan Raess and Cliff Weir in 1946, Jim Moran in 1947, Mrs. Cliff Weir in 1949, and Moran again in 1949, the last year the series was offered until 1953.

The Bissell Trophy was won this year by the boat owned by Dick Hoyler and John Welch in the race to Gladstone and back on Aug. 30. Past winners include Francis Boyce, E. F. Erickson Jr., Paul Menard, John Jacobs, Lois Sayer and Ted Sura.

## Rookie Wing Goalie Goes Back To Quebec

DETROIT (AP)—After allowing two goals in three National Hockey League games, Detroit Red Wings rookie goalie Dave Gathrum will go back to the Sherbrooke Saints of the Quebec Senior League to-night.

With him go utility forward Marcel Bonin and defenseman Jim Hay.

Gathrum was called up to sub for regular Wing goalie Terry Sawchuk, who was injured a week ago. Sawchuk was back in the lineup Sunday night, shutting out Montreal 4-0.

## Tom Fears Out With Serious Back Injury

LOS ANGELES (AP)—Two fractured vertebrae will keep Tom Fears, star pass-catching end of the Los Angeles Rams, on the sidelines for several weeks, doctors announce.

Fears was hurt late in the game against the Detroit Lions last Sunday when hit by linebacker Jim David after catching a pass. His injury is serious enough so that he has been placed on the ineligible list to make room for another active player.

## Still No Agreement On New Platoon Grid Rule

By ED CORRIGAN

NEW YORK (AP)—Now that the coaches have had a chance to get used to the one-platoon system of football and work the bugs out, you'd think there would be some agreement among them about it.

There isn't.

The Associated Press today asked seven well-known coaches around the country. Two said they liked it, three couldn't see it at all, and two more merely pointed to some of its problems.

Red Sanders of UCLA, favorite in the Pacific Coast Conference until beaten by Stanford last week, says it isn't doing his team any good, but that it's best for football over the long run.

Sauer Still Likes It

George Sauer of Baylor, the team that could walk off with the

Southwest Conference title, still likes it.

Army's Earl Blaik, whose team rose to a 14-13 upset over Duke in its last outing, says, "The boys are too-tired to study on Sunday when they should be studying. Our kids were so knocked out we had to cut some of their uniforms off after the Duke game."

Princeton's Charlie Caldwell, whose club has lost but two games in the last 32, including last week's 65-7 slaughter, said:

"The rules makers weren't thinking of the boys when they installed the one platoon system. It requires more stamina from the boys. The kids on my team don't like it at all and therefore I don't like it."

Dodd Doesn't Like It

Georgia Tech's Bobby Dodd, who has guided his club to a 31-game defeatless skein, also opposed the new rule. He commented:

"We still are playing two teams just as we did last year, but half the time the boys are forced to play a type of football they do not excel in."

Frank Leahy of Notre Dame, the No. 1 team in the country in the Associated Press rankings, and Ray Elliot of Illinois, a contender for the Big Ten title, did not voice definite opinions but instead pointed to some problems.

Elliot said he was troubled because of the rise in injuries which he attributes to the players being in action more.

Leahy said there was a hesitancy to substitute during certain periods of the game.

### FIGHTS LAST NIGHT

(By The Associated Press)  
Providence — Del Flanagan, 149 3/4, St. Paul, outpointed Steve Marcello, 147 3/4, Providence, 10.  
Holyoke, Mass. — Bobby Courchesne, 124 3/4, Chicopee, Mass., stopped Jerry Kortright, 121 1/2, New York 7.

### "SWEDE" RETURNS

Big "Swede" Nelson, for many years a scourge of Escanaba bowling lanes, celebrated his return to competition this season with a scorching 205-213-217-635 at the Arcade alleys Monday night.

## Wolves Work On Ground Defense

ANN ARBOR (AP)—Michigan, more vulnerable to running plays than passes, was hard at work today bolstering ground defenses for its invasion of Minnesota Saturday.

Coach Bennie Oosterbaan's Wolverines have come up with a relatively tight defense against passes in four games this season. But they've yielded 395 yards to the running attacks of Iowa and Northwestern in the last two games.

Iowa averaged 44 yards of play in running through and around Michigan for a total of 225 yards. Northwestern gained 3.9 yards of play for a 170 yard total.

The Michigan coach hoped to improve the Wolverine defenses in time to hamper Minnesota's great halfback, Paul Giel, and his sidekick Bob McNamara.

Although Minnesota has lost three of four games this season, that twosome has caused all kinds of trouble for the opponents.

In addition, Giel is a top notch passer. Oosterbaan will throw at him the same defense that limited Northwestern's passing star Dick Thomas to 133 yards on 13 completed passes.

Thomas was the only one in four games to dent the Michigan defenses seriously. Iowa made only 28 yards in the air, Tulane got 5 and Washington 61.

## Expect Shock Troops To Run For Spartans

EAST LANSING (AP)—The pattern of Michigan State play against Indiana Saturday gave a good indication of what can be expected for the next five MSC football games of the season.

Coach Biggie Munn used the shock troop system against Indiana—sending in fresh troops every quarter to wear down the opposition.

Munn used 44 men in the game, the most he has fielded so far this season. Fifteen backs got into the contest and 13 of them had a chance to carry the ball.

The 47-18 score, highest so far this season, was the largest MSC margin since Michigan State ran over Marquette 62-13 at the end of the 1952 season.

## Gavilan Wants To Meet New Middleweight Champ

By JACK HAND

NEW YORK (AP)—The new middleweight champion of the world—Randy Turpin or Bobo Olson—will have a ready challenger in Kid Gavilan, the welter champ.

The Cuban keed, training at Summit, N. J., for a Nov. 13 defense against Johnny Bratton at Chicago, is anxious to jump into the 160-pound division against the winner of Wednesday's 15-round bout at Madison Square Garden.

"Win or lose with Bratton, we want Turpin or Olson next," said Angel Lopez, Gavilan's manager.

Almost to a man, the managers and trainers who make boxing their business lean toward Olson,

an 11-5 favorite. They respect Turpin for his first fight with Sugar Ray Robinson but they have been bewildered by his sporadic training.

Even Jack Solomons, the London promoter, admitted, "He hasn't done enough boxing to suit me." Solomons, whose biggest drawing card is Turpin, said the British Negro appeared "out of distance" (off on his timing).

The International Boxing Club said there was a lively interest in ringside seats with about \$85,000 in advance sale. Best guess on the crowd probably is 15,000 paying \$140,000. The bout will be carried on CBS network radio and television.

## New Badger QB May Be Another Sleeper

MADISON, Wis. (AP)—Has Ivy Williamson come up with another sleeper?

On the basis of one football game, it seems possible the wily Wisconsin coach has produced a capable sophomore quarterback for the second year running, this one a 169-pound youngster named Jim Miller.

Young Miller, making his first collegiate start, had a field day Saturday as Wisconsin opened defense of its Big Ten co-championship with a 28-19 victory over Purdue, with whom it shared the title a year ago.

### Gained 120 Yards

The kid from Eau Claire, Wis., scored two touchdowns, ran for 88 yards on five stabs and completed two of six passes for 32 yards.

"He's quick," the Badger coach says. "He can be off in a flash. His greatest opportunities develop when he drops back to pass and the defense begins to scatter."

"Miller isn't fast but he runs with an instinct. He knows without thinking what direction to take or when to change it."

The Miller story may be a sequel to the one Williamson wrote last fall with Jim Haluska in the starring role.

In the summer of 1952, with Johnny Coatta graduated, Williamson said the quarterback situation looked pretty bad. But when the

Badgers opened there was sophomore Haluska, who'd never played in a college game before, at the throttle. He stayed there, too, and the Badgers went to the Rose Bowl.

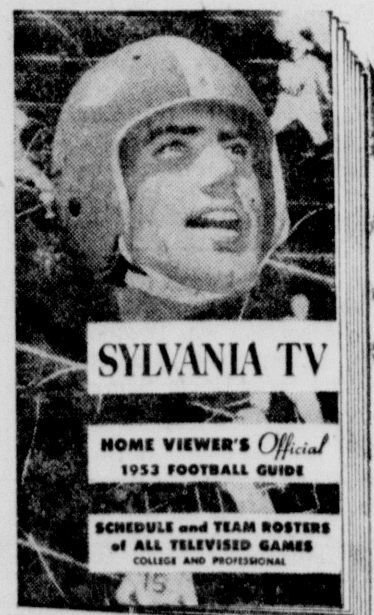

Last summer Haluska broke his leg playing baseball. Senior Gus Vergetis started in the three non-conference games and Wisconsin Beat Penn State, edged Marquette and lost to UCLA. Glen Wilson relieved Vergetis occasionally and Miller got in for a few minutes, chiefly on defense.

Last Saturday morning, Williamson said he didn't know who would start at quarter against Purdue. Miller did. It's a cinch he'll do the same this Saturday against Ohio State at Madison.

The Brooklyn Dodgers established or tied 35 records in 1953 regular season play.

## Midwest Grid Notes

CHICAGO (AP)—Midwest football chiefs:

**Ohio State**—Buckeye quarterback John Borton may see limited action Saturday against Wisconsin. Borton didn't play in the 12-6 victory over Penn because of injuries.

**Wisconsin**—Halfback Roger Dornburg probably won't be able to start against the Buckeyes. Other ailing Badgers are Ron Locklin, Jim Temp and Bill Miller.

**Minnesota**—Coach Wes Fesler says only that "something happened" in the second half when Minnesota lost 27-7 to Illinois.

## Lions To Get Fullback Help

DETROIT (AP)—Robert Lee Smith reports to the Detroit Lions today and carries the hopes of the National Football League champs that he may bring some badly needed help at fullback.

Freshly discharged from the army, Smith is the all-time rushing leader of the Southwest Conference, blacking out records by Southern Methodist's Kyle Rote and Donk Walker, who is now a Lion back.

Smith, playing three years as fullback for Texas A & M, piled up 2,573 yards on 459 attempts. It wrecked Rote's 2,142, and Walker's 2,076.

In 1950 Smith became all-time rushing leader for a single year in the conference, piling up 1,460 yards on 219 tries.

Obtained from the Cleveland Browns in 1952 in return for a draft choice, Smith entered the Army before he had a chance to play pro ball. He's to report today and will take part in workouts Wednesday.

The Lions will see if he can spell regular fullback Pat Harder.

ESCANABA DAILY PRESS  
10—Tuesday, October 20, 1953

Saturday. "We were a great team for the first half," he says.

**Iowa**—Fearing Indiana will go all out to win "the first major game it has had a chance to win" coach Forrest Evashevski and his aides are mapping strategy to stop the Hoosier ground attack. Scouts say it has "yet to be stopped."

**Michigan**—With Big Ten opponents averaging nearly 200 yards and two touchdowns per game, the Wolverine defense is under close examination.

**Northwestern**—Lloyd Israels, regular left halfback, suffered a chest injury in the loss to Michigan and will be unable to play against Pittsburgh.

**Illinois**—The first two Illini teams rested Monday. Coach Ray Eliot apparently is satisfied with their performance against Minnesota.

**Indiana**—Center Charley Rzymic will be out for three weeks with a shoulder separation. His place will be taken by sophomore Wayne Ethridge.

## Porterfield Top Shutout Hurler

NEW YORK (AP)—Bob Porterfield shut out every American League team but the Detroit Tigers at least once this season and the Washington righthander's nine shutouts topped the majors.

Statistics compiled by the Associated Press today also revealed that rookie Harvey Haddix of the St. Louis Cardinals had the most shutouts in the National League—six.

Porterfield, in posting a 22-10 won-lost record, blanked Philadelphia three times, Chicago twice, and New York, Boston, St. Louis and Cleveland once each.

Haddix won 20 and lost nine in his first complete season in the majors after serving in the Army. The 28-year-old lefty zeroed Chicago and Cincinnati twice each and New York and Philadelphia once each.

## Notre Dame Retains No. 1 Grid Ranking

NEW YORK (AP)—Notre Dame is leading for national football ranking list for the fourth straight week.

After last week's 23-14 victory over Pittsburgh, Notre Dame polled 57 first-place votes out of 134 cast in the fourth weekly Associated Press ranking poll. The Irish haven't been displaced since the nation's sports writers and broadcasters picked them in the preseason poll as the team most likely to succeed.

But their two closest rivals in the weekly balloting, Michigan State and Maryland, were closer than ever before when the points were totaled up on the usual basis of 10 points for a first-place vote, nine for second, etc.

**Irish Margin Less**  
Notre Dame wound up with 1,133 points and a margin of only 46 points over runner-up Michigan State. A week ago, Notre Dame had 74 first-place votes and 1,225 points to 14 and 977 for Michigan State.

Notre Dame plays fourth-ranked Georgia Tech Saturday in a game that could completely upset the standings. Tech, a team that didn't show much offense in its early games, got started

against Tulane a week ago and rolled over threatening Auburn by a 36-6 count last Saturday to climb from sixth place to fourth in the rankings.

**31 First Place Votes**  
Michigan State, an easy winner over Indiana collected 31 votes for first place and 1,107 points this week while Maryland, breezing past North Carolina as easily as its earlier opponents, polled 27 firsts and 1,004 points. Georgia Tech, with only three firsts, received 769 points.

The top 10 (first-place votes in parenthesis):  
1. Notre Dame (57) 1133  
2. Michigan State (34) 1107  
3. Maryland (27) 1004  
4. Georgia Tech (9) 769  
5. Michigan 683  
6. Baylor (1) 623  
7. Illinois (1) 531  
8. West Virginia (12) 299  
9. Oklahoma (1) 277  
10. Navy 198

The second ten: 11. Southern California, 162; 12. UCLA, 107; 13. Southern Methodist, 71; 14. Louisiana State, 58; 15. Texas A & A (1), 53; 16-17. (tied) Duke and Kentucky, 33 each; 18. Pittsburgh, 29; 19. Mississippi Southern, 27; 20. Stanford, 24.

NOTICE OF PUBLIC SALES  
Account No. 302-13-10-00  
NOTICE IS HEREBY GIVEN by the undersigned on the 4th day of week October 24, 1935, at 10 o'clock A. M., at Northern Motor Co., Escanaba, Delta County, Michigan, public sale of a 1930, Ford, Convertible type, bearing serial number 122000, will be held for sale to the highest bidder. Inspection thereof may be made at Northern Motor Co., Escanaba, Delta County, Michigan, the place of storage. We reserve the right to reject any or all bids.  
Universal C. I. T. Credit Corp.  
By I. M. Pittman  
11620-Oct. 20, 21

NOTICE TO BIDDERS  
Sealed bids will be received by the City Clerk, Escanaba, Michigan, on or before 3:00 P. M. (E.S.T.) October 26, 1935, for the purchase of 94 Christmas Lighting Systems. The bids will be publicly opened and read aloud in the office of the City Manager at said time.  
Bidders Proposals and Specifications can be obtained from the office of the City Clerk.  
Each bidder must include with the bid descriptive material and guarantee of specifications. Delivery to be made on or before November 10, 1935.  
Bids must be sealed and signed "Bidders Proposal" form furnished by the City of Escanaba or bid will be considered incomplete.  
A deposit equal to ten per cent (10%) of the bid total must accompany the bid. The deposits of the unsuccessful bidders will be returned. The deposit of the successful bidder will be retained until the terms of the bidders proposal and specifications have been satisfactorily complied with, after which it will be returned.  
Envelope containing bid to be plainly marked: "Christmas Lighting System Bid, To Be Opened October 26, 1935." The City of Escanaba reserves the right to reject any or all bids, or any part of any bid, and to waive any irregularities in the bidding.  
GEORGE M. HARVEY, City Clerk  
11618-Oct. 17-19-20

NOTICE TO BIDDERS  
The City of Escanaba, Michigan, having converted to propane air gas, has for sale the following used materials which enclosed the bid \$0,000 cu. ft. gas holder:  
4,000 Board Feet Ship Laid (nailed to 2 x 6's) approximately 12 ft. long.  
The highest bidder shall remove this lumber and have the area around the gas holder cleared of debris.  
The time limit for the demolition will be two months from the date the highest bid is approved.  
For further details contact Joseph Paterek, Superintendent of the Gas Department, City of Escanaba, Michigan.  
Sealed bids will be received in the office of the City Clerk not later than 3:00 P. M. (E.S.T.) October 26, 1935, at which time said bids will be publicly opened and read aloud in the office of the City Manager.  
A deposit equal to ten per cent of the bid amount must accompany bid. The deposits of the unsuccessful bidders to be returned following acceptance of highest bid. The deposit of the successful bidder to be retained until the terms herein enumerated have been complied with.  
Envelope containing bid to be plainly marked "Gas Holder Dismantling Bid, to be opened 3:00 P. M., October 26, 1935."  
The City of Escanaba reserves the right to reject any or all bids, and to waive any irregularities in the bidding.

Defendant. )

ORDER FOR APPEARANCE AND PUBLICATION  
Suit pending in the Circuit Court for the County of Delta in Chancery, on the 11th day of August, A. D. 1935. In the above entitled cause, it appearing that the Defendant, Madeline Culliton, is not a resident of this State, but she resides at 1907 2nd Avenue, New York City, New York.  
Therefore, on motion of NICHOLAS P. CHAPEKIS, Attorney for the Plaintiff, IT IS ORDERED that the defendant enter her appearance in said cause, on or before three (3) months of the date of this Order, and that within forty (40) days, the Plaintiff cause this ORDER to be published in the Escanaba Daily Press, a newspaper published and circulated within said County, said publication to be continued each week for six (6) weeks in succession, unless the order shall have been otherwise served, in accordance with the laws of the State of Michigan and the Court Rules in such case made and provided.  
Dated this 11th day of August, A. D. 1935.  
GLENN W. JACKSON, Circuit Judge.  
NICHOLAS P. CHAPEKIS, Attorney for Plaintiff.  
1014 Ludington St., Escanaba, Michigan. 11591-258-6 Tues.

## Emphasis On Freedom At Michigan U., Says Professor Of History

ANN ARBOR (AP)—"The University of Michigan, older, stronger, and freer than most institutions in this country, has learned to distinguish Malenkov from Toraev," says Prof. Preston W. Slosson of the University history department.

He told readers of the current issue of the Michigan Alumnus, the University's alumni magazine, that he had never known personally "of the dismissal of any faculty member" for "heresy of opinion."

### Panic Over Subversion

Prof. Slosson underscored what he called the "current panic over Communist subversion."

"More people are trampled to death looking for the exits than were burned in the Communist fires," he said.

"I have taught at Michigan since 1921, and have known hundreds of professors and tens of thousands of students; I have yet to meet a single genuine Communist on the faculty or more than a score or so in the student body," he added.

Said the professor:

"Few colleges or universities in the whole world have a better right to be considered a home of liberty. Sometimes, when I feel like Noah on Mt. Ararat, I know of

at least one solid rock, and I stand on it!"

### Bans Get Rarer

He said, however, that Michigan was no "University of Utopia." He said that some professors and instructors have been treated unfairly, and some student organizations, or outside speakers have been needlessly banned.

But he added that they were rarer as time went on.

Slosson's article said that he had received several letters telling him to "go back to Russia," merely because he championed freedom of speech, even for Reds.

"But most people," said Slosson, "are not McCarthys or Velde; if they were, there would be no freedom left to fight for. Most Americans need nothing but the facts to take the side of liberty."

### Hospital Dedicated

ANN ARBOR (AP)—A new 500-bed Veterans Administration hospital, 50th built under the current VA construction program, was dedicated Sunday. Director Dr. Morley Beckett said 26 patients already had moved into the building.

## Camera-Eyed Cop Hard On Delinquents

NEW LONDON, Conn. (AP)—John T. Heard is now known as the policeman with "a camera eye." He got the title in city court from Prosecutor Aaron E. Elfenbein after he recognized and arrested

in one day three motorists whose licenses he knew were under suspension. In one case, the suspension was four years old, but Heard remembered that the man had lost his driving permit.

# New Standard Premium does what no other gasoline will do!

*Prevents stalling with a remarkable **DE-ICER** additive.*  
*Prove it with one tankful!*

**A THIN FILM OF ICE—**  
a major cause of engine stalling  
from 58 to 28 degrees

When you press the starter, the gasoline needed for starting and warm-up is vaporized. These vapors are drawn rapidly through the carburetor. This evaporation chills the carburetor below freezing. Chilled metal causes moisture in air to condense and freeze on carburetor parts. A thin film of ice forms on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER additive which prevents carburetor ice.

Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes cold-motor stalling even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars for this cold-motor stalling. Actually no mechanical carburetor adjustment can cure it. But now Standard scientists have solved it. New STANDARD WHITE CROWN Premium Gasoline contains a costly DE-ICER

additive. This DE-ICER additive is a built-in anti-freeze that prevents the formation of a thin ice film. Ice that can cripple the action of your carburetor!

Here is fresh proof that you can expect more from Standard and get it. In addition to anti-stalling, Standard brings you a premium gas that is at the highest octane level in its history. And you can't buy a more powerful gasoline!

Your neighborly Standard Oil dealer—who is a member of the finest service team in the country—invites you to stop in today to get your car ready for Winter and to fill up with New

STANDARD Premium. Now you can get the gasoline that does what no other gas will do—PREVENTS STALLING due to carburetor ice.

*You expect more from **STANDARD** and get it!*
